Report of Independent Auditors

To the Board of Trustees of the
University of Medicine and Dentistry of New Jersey

We have audited the consolidated statements of net assets of the University of Medicine and Dentistry of New Jersey, a component unit of the State of New Jersey (the "University"), and the related consolidated statements of revenues, expenses and changes in net assets, and of cash flows of the business-type activities as of and for the years ended June 30, 2012 and 2011, and the statements of net assets of the aggregate discretely presented component units, and the related statements of revenues, expenses and changes in net assets as of and for the years ended June 30, 2012 and 2011, which collectively comprise the University's basic financial statements (as listed in the accompanying index). These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the New Jersey Health Foundation, Inc. or the Cancer Institute of New Jersey Foundation, Inc., both discrete component units of the University, whose statements, when aggregated, reflect total discrete assets of 87% and 89% and total discrete net assets of 97% and 98% of the related aggregate discretely presented component unit totals as of June 30, 2012 and 2011, respectively, and total discrete operating revenues of 21% and 21% of the related aggregate discretely presented component unit totals for the years ended June 30, 2012 and 2011, respectively. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for the New Jersey Health Foundation, Inc. and the Cancer Institute of New Jersey Foundation, Inc. is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the City of Philadelphia *Subrecipient Audit Guide*. Those standards and the City of Philadelphia *Subrecipient Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of New Jersey Health Foundation, Inc., University Physician Associates of New Jersey, Inc. and Affiliates and Cancer Institute of New Jersey Foundation, Inc., were not audited in accordance with *Government Auditing Standards* nor the City of Philadelphia *Subrecipient Audit Guide*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

As described in Note 3 to the basic financial statements, the financial statements of the University Physician Associates of New Jersey, Inc. a discretely presented component unit of the University, were prepared on a modified basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, the effects of which are not practicable to quantify; however, the departures from generally accepted accounting principles are material to the aggregate discretely presented component units.

In our opinion, the consolidated financial statements of the business-type activities of the University referred to above present fairly, in all material respects, the financial position of the business-type activities of the University at June 30, 2012 and 2011, and their changes in financial position and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Also, in our opinion, based on our audits and the reports of other auditors, except for the departure from accounting principles generally accepted in the United States of America described in the third paragraph of this report, the financial statements of the aggregate discretely presented component units of the University referred to above present fairly, in all material respects, the financial position of the aggregate discretely presented component units of the University at June 30, 2012 and 2011, and the changes in financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2, the Governor of New Jersey signed the New Jersey Medical and Health Sciences Restructuring Act (the "Act") which integrates the University, except for University Hospital ("UH") and the School of Osteopathic Medicine ("SOM") into Rutgers University ("Rutgers"). The Act will take effect on July 1, 2013. The Act indicates that UH will become a free standing institution of the State of New Jersey, while SOM is to be integrated into Rowan University ("Rowan").

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2012 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters for the year ended June 30, 2012. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying management's discussion and analysis on pages 4 through 14 is required by accounting principles generally accepted in the United States of America to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in the appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying supplementary information (Combining Statements of Net Assets and Combining Statements of Revenues, Expenses and Changes in Net Assets) for the Piscataway and Newark Centers of University Behavioral HealthCare presented on pages 61-62 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information for the Piscataway and Newark Centers of University Behavioral HealthCare is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming an opinion on the financial statements, that collectively comprise the University's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards for the year ended June 30, 2012 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The accompanying Supplemental Schedule of Statement of Expenditures and Revenues for the City of Philadelphia: AIDS Activities Coordinating Office for the year ended June 30, 2012 is presented for additional analysis as required by section 6150.02 of the City of Philadelphia *Subrecipient Audit Guide*, and is not a required part of the basic financial statements. The information on these schedules is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Schedule of Expenditures of Federal Awards and the Supplemental Schedule of Statement of Expenditures and Revenues for the City of Philadelphia: AIDS Activities Coordinating Office has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Supplemental Schedule of Statement of Expenditures and Revenues for the City of Philadelphia: AIDS Activities Coordinating Office are fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Introduction

The following discussion and analysis provides an overview of the financial position of the University of Medicine and Dentistry of New Jersey (the "University" or "UMDNJ") as of June 30, 2012 and its results of operations for the year then ended, with comparative information as of and for the years ended June 30, 2011 and 2010. This discussion and analysis has been prepared by management and should be read in conjunction with the audited financial statements and the notes thereto, which follow this section.

The University is the State's university of the health sciences, with programs at five academic health center campuses and a network of more than 200 affiliated educational and healthcare partners throughout the State. The University operates three medical schools, a dental school, a teaching hospital, behavioral healthcare centers, a cancer institute and schools of biomedical sciences, health related professions, nursing and public health and several faculty practice plans.

The University is dedicated to the pursuit of excellence in:

- The undergraduate, graduate, postgraduate and continuing education of health professionals and scientists;
- The conduct of biomedical, psychosocial, clinical and public health research;
- Health promotion, disease prevention and the delivery of health care; and
- Service to its communities and the State.

The University has approximately 7,000 full and part time students, 1,400 medical interns and residents and 14,200 faculty and staff.

UMDNJ Restructuring

On August 22, 2012, the Governor of New Jersey signed the New Jersey Medical and Health Sciences Restructuring Act (the "Act"), which integrates the University, except for University Hospital ("UH") and School of Osteopathic Medicine ("SOM"), into Rutgers University ("Rutgers"). The Act indicates that UH will become a free standing institution of the State, while SOM is to be integrated into Rowan University ("Rowan"). All assets, liabilities and debt of the University will be transferred as part of the integration. A School of Biomedical and Health Sciences will be created at Rutgers that will include all transferred units of the University.

UH will remain the principal teaching hospital for the Newark based medical, dental and nursing schools and its community mission will be preserved, with a goal of establishing a long term public/private partnership to manage UH.

The Act shall take effect on July 1, 2013 and apply to the 2013-2014 academic year, but anticipatory administrative action may be taken in advance of the operative date as shall be necessary for the implementation of the legislation. The Act indicates that the State Treasurer shall establish a Transition Committee to advise him regarding all matters pursuant to the Act, including debt issues, the allocation of budgets, state appropriations and other matters. Upon advice of the Committee or its subcommittees, the State Treasurer shall be empowered to take all necessary administrative actions to implement the provisions of the Act.

The University, Rutgers and Rowan are working in a collaborative manner to accomplish the integration and have established teams to identify and address matters associated with the integration.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Financial Highlights

The University's financial position reflects total assets of \$1.5 billion and total liabilities of \$1.0 billion as of June 30, 2012. Net assets, which represent the residual interest in the University's assets less liabilities and indicate the resources available to continue the operations of the University in accordance with the designation of the assets, increased by \$0.7 million, or 0.1%, to \$484.2 million in 2012. This increase is primarily related to higher tuition and fees and the discount resulting from a Medicaid settlement agreement, which offset lower appropriation revenues. In 2011, net assets increased by \$0.5 million, or 0.1%, primarily due to higher tuition and fees revenues.

Operating revenues increased by \$18.3 million, or 1.3%, to \$1.4 billion in 2012, reflecting higher tuition and fees, net patient service revenues and professional services and contracts revenues, partially offset by lower grants and contracts. Operating expenses increased by \$24.1 million, or 1.4%, to \$1.8 billion in 2012, due to higher salaries and fringe benefits.

Operating revenues increased by \$12.1 million, or 0.9%, to \$1.4 billion in 2011, reflecting higher tuition and fees, and net patient service revenues, partially offset by lower grants and contracts. Operating expenses decreased by \$44.8 million, or 2.5%, to \$1.8 billion in 2011, due to lower salaries, fringe benefits and supply costs.

State appropriations – operations decreased by \$8.7 million, or 4.0%, to \$205.9 million in 2012, reflecting a decrease in support for the educational units. Fringe benefits paid by the State increased by \$20.8 million, or 11.3%, to \$204.7 million in 2012 due to an effective 1.9% rate increase and an increase in corresponding salaries.

State appropriations – operations decreased by \$47.8 million, or 18.2%, to \$214.6 million in 2011, reflecting a decrease in support for UH operations and the educational units. Fringe benefits paid by the State decreased by \$9.0 million, or 4.7%, to \$183.9 million in 2011 due to a decrease in corresponding salaries.

Consolidated Financial Statements

The University's audited consolidated financial statements include the statements of net assets, statements of revenues, expenses and changes in net assets and statements of cash flows, which have been prepared in accordance with Governmental Accounting Standards Board accounting principles. The consolidated financial statements include the University's schools, health care units, faculty practice plans, lease holding corporation and auxiliary enterprises.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Consolidated Statements of Net Assets

The Consolidated Statements of Net Assets present the financial position of the University at the end of the fiscal year and include all assets and liabilities of the University. Net assets represent the residual interest in the University's assets after liabilities are deducted. Net assets are one indicator of the current financial condition of the University, while the change in net assets is an indicator of whether the overall financial condition has improved or deteriorated during the year.

Net assets are divided into four categories. Net assets invested in capital, net of related debt, represent the University's equity in capital assets owned by the University. Restricted expendable net assets primarily include research grants, appropriations, debt service and capital project funds that are subject to donor restrictions governing their use. Restricted nonexpendable net assets represent endowment funds, which are used primarily for investment purposes, and government grants for student loans. Unrestricted net assets are available to the University for general purposes, but may be internally designated for various academic and healthcare programs.

A summary of the University's assets, liabilities and net assets as of June 30, 2012, 2011, and 2010 follows:

<i>(In millions)</i>	2012	2011	2010
Assets			
Current assets			
Cash and cash equivalents	\$ 184.4	\$ 196.6	\$ 192.8
Receivables	300.8	265.8	261.3
Assets held by trustees and other	37.9	37.7	31.3
Noncurrent assets			
Endowment and other investments	21.1	20.9	23.9
Assets held by trustees and other	108.8	109.6	107.6
Capital assets, net	862.0	895.5	933.7
Total assets	<u>1,515.0</u>	<u>1,526.1</u>	<u>1,550.6</u>
Liabilities			
Current liabilities	319.4	350.1	364.3
Noncurrent liabilities	711.4	692.5	703.3
Total liabilities	<u>1,030.8</u>	<u>1,042.6</u>	<u>1,067.6</u>
Net assets			
Invested in capital, net of related debt	282.5	304.9	336.5
Restricted expendable	162.9	155.4	158.8
Restricted nonexpendable	67.3	66.5	60.8
Unrestricted	<u>(28.5)</u>	<u>(43.3)</u>	<u>(73.1)</u>
Total net assets	<u>\$ 484.2</u>	<u>\$ 483.5</u>	<u>\$ 483.0</u>

In 2012, the decrease in cash and cash equivalents of \$12.2 million was primarily due to lower State appropriations and an increase in receivables.

In 2011, the increase in cash and cash equivalents of \$3.8 million was primarily due to improved financial results and tight fiscal controls, which offset the decrease in State appropriations.

Receivables increased by \$35.0 million in 2012, primarily due to amounts owed by affiliated hospitals and the State of New Jersey Department of Corrections ("DOC") for services rendered. In 2011, receivables increased by \$4.5 million.

University of Medicine and Dentistry of New Jersey
Management's Discussion and Analysis
June 30, 2012

Assets held by trustees and other – current and noncurrent decreased by \$0.6 million and increased by \$8.4 million in 2012 and 2011, respectively, due to deposits with trustees for debt service payments.

Capital assets, net decreased by \$33.5 million in 2012 and \$38.2 million in 2011, as depreciation expense exceeded capital additions in each year.

Current liabilities consist primarily of accounts payable, accrued compensation and other liabilities and include \$1.9 million and \$55.7 million of amounts due to third party payors as of June 30, 2012 and 2011, respectively, related to healthcare cost report adjustments. In 2012, current liabilities decreased by \$30.7 million, due to the reclassification of \$35.2 million estimated third party payor settlements to noncurrent liabilities in accordance with the Medicaid settlement agreement. In 2011, current liabilities decreased by \$14.2 million.

Noncurrent liabilities consist primarily of long-term debt and capital lease obligations. In 2012, noncurrent liabilities increased by \$18.9 million, due to the reclassification described above. In 2011, noncurrent liabilities decreased by \$10.8 million, due to long-term debt repayments.

The decreases in net assets invested in capital of \$22.4 million and \$31.6 million in 2012 and 2011, respectively, were due to depreciation expense, which exceeded capital additions and debt reductions.

In 2012, restricted expendable net assets increased by \$7.5 million, primarily due to an increase in research and designated activity. In 2011, restricted expendable net assets decreased by \$3.4 million, primarily due to debt service activity.

In 2012 and 2011, the deficit related to unrestricted net assets improved by \$14.8 million and \$29.8 million, respectively, primarily due to improved operating results.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Consolidated Statements of Revenues, Expenses and Changes in Net Assets

The Consolidated Statements of Revenues, Expenses and Changes in Net Assets present the University's results of operations.

A summary of the University's revenues, expenses and changes in net assets for the years ended June 30, 2012, 2011 and 2010 follows:

<i>(In millions)</i>	2012	2011	2010
Operating revenues			
Tuition and fees, net	\$ 126.4	\$ 115.9	\$ 96.8
Governmental and private grants and contracts	296.0	318.6	329.2
Net patient service revenues	528.3	517.7	505.9
Professional services and contracts	392.5	370.8	379.7
Other	59.4	61.3	60.5
Total operating revenues	1,402.6	1,384.3	1,372.1
Operating expenses	1,782.0	1,757.9	1,802.7
Operating loss	(379.4)	(373.6)	(430.6)
Nonoperating revenues (expenses)			
State appropriations - operations	205.9	214.6	262.4
Fringe benefits paid by the State	204.7	183.9	192.9
Affiliate grant	-	-	(10.6)
Interest expense and other	(35.3)	(30.5)	(35.7)
Total nonoperating revenues, net	375.3	368.0	409.0
Other revenues			
Capital grant	4.8	6.1	-
Increase (decrease) in net assets	0.7	0.5	(21.6)
Net assets - beginning of year	483.5	483.0	504.6
Net assets - end of year	<u>\$ 484.2</u>	<u>\$ 483.5</u>	<u>\$ 483.0</u>

Revenues

To achieve its mission, the University receives revenues from a variety of sources in addition to its student tuition and fees, including research grants and contracts, patient services, professional services and contracts, state appropriations and investment income. The University will continue to aggressively seek funding from all possible sources and to manage these resources to fund its operating activities.

Operating revenues are revenues recognized by the University for providing goods and services directly to its customers and constituencies.

Nonoperating revenues as defined by GASB are those revenues recognized by the University for which goods and services are not provided in return for the revenues received. State appropriations, excluding State appropriations for capital, are nonoperating revenues because the State legislature provides the appropriations to the University without directly receiving commensurate goods and services for those revenues.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Academic Programs

Tuition and State appropriations are the primary sources of revenue for the University's academic programs. Tuition revenues increased by 9.1% and 19.7% in 2012 and 2011, respectively, due to an average rate increase of 4.9% and 16.0% and an increase in student enrollment of 3.1% and 6.7% in 2012 and 2011, respectively, which reflects the strong demand for the University's health related academic programs. The schools received State appropriations of \$251.4 million and \$251.2 million in 2012 and 2011, respectively, which included \$92.1 million and \$89.5 million of fringe benefits paid by the State.

Research Activities

Governmental and private grants and contracts revenues decreased by \$22.6 million, or 7.1%, in 2012 due to lower recoveries of governmental grants and decreased by \$10.6 million, or 3.2%, in 2011 due to the expiration of American Reinvestment and Recovery Act ("ARRA") grants.

Net Patient Service Revenues

Net patient service revenues relate to patient care services, which are generated within the University's hospital, behavioral healthcare and cancer activities, under contractual arrangements with governmental payors and private insurers. These revenues increased by \$10.6 million in 2012, due primarily to the favorable impact of the June 2012 Medicaid settlement agreement with the State. The State established a long term repayment plan for \$51.7 million of liabilities from 2013 through 2021, which resulted in a \$14.5 million present value discount of the balances. The healthcare units received State appropriations of \$159.0 million and \$140.4 million in 2012 and 2011, respectively, which included \$106.9 million and \$93.5 million of fringe benefits paid by the State.

UH's net patient service revenues totaled \$472.5 million in 2012, as compared to \$461.4 million in 2011 and \$450.9 million in 2010. UH is a major source of primary care and serves as the safety net hospital for the inner city municipalities of Newark, East Orange, Irvington and Orange. UH's role in the community is reflected in its payor mix and commitment to the medically indigent. It is by far the largest provider of charity care services in the state, and Medicaid and uninsured patients account for almost 60% of its gross revenues. As a result, UH must deal with the financial impact of revenue collections and reimbursements related to these patients and their payors.

The majority of UH's admissions are initially treated in the emergency/trauma department. Emergency room visits of 97,613 in 2012 remained virtually unchanged from 97,214 in 2011 which represented a 2% decrease from 2010. Inpatient discharges, which account for approximately 70% of UH's net patient service revenues, decreased by 6% to 18,573 in 2012, after a 1.8% decrease to 19,754 in 2011. Clinic visits, which generate outpatient revenues, decreased by 5.6% to 169,541 in 2012, after a decline of 10.6% to 179,659 in 2011.

The level of charity care services provided by UH represents approximately 25% of its patient case volume. Charity care funding from the State totaled \$101.7 million in 2012, \$100.0 million in 2011 and \$92.8 million in 2010, and is projected to total \$100.7 million in 2013. Charity care funding is based upon Medicaid reimbursement rates which have historically been in the range of 60 to 70% of cost. The level of charity care funding is critical to UH's financial results.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Professional Services and Contracts

Professional services and contracts revenues include the operations of faculty practice plans that generated revenues of \$223.3 million in 2012, \$216.8 million in 2011 and \$222.7 million in 2010.

The largest portion of the contract activity involves University Behavioral Healthcare's ("UBHC") contract with the DOC for mental and physical health services for inmates that generated revenues of \$138.4 million in 2012, \$134.8 million in 2011 and \$137.3 million in 2010.

State Appropriations-Operations

State appropriations-operations decreased by \$8.7 million in 2012, reflecting decreased support for educational units. State appropriations-operations decreased by \$47.8 million in 2011, reflecting decreased support for UH operations and the educational units.

The State's 2013 budget includes appropriations for the University totaling \$200.2 million. The decrease of \$5.7 million is related to the transfer of funding to Rowan for faculty support at an affiliated hospital.

Capital Grant

In 2010, the University was awarded a capital grant of \$11.4 million related to capital improvements on its cogeneration plant and recognized revenues of \$4.2 million in 2012 and \$6.1 million in 2011 for this project, with the balance of \$1.1 million expected to be recorded in 2013.

In 2010, the University was awarded an ARRA capital grant of \$14.8 million related to capital improvements on New Jersey Medical School's vivarium and recognized revenues of \$0.6 million in 2012 for this project, with the balance of \$14.2 million expected to be recorded in 2013 and 2014.

Operating Expenses

Operating expenses are incurred by the University to acquire or produce goods and services in return for operating revenues generated to carry out its mission.

A summary of the University's operating expenses for the years ended June 30, 2012, 2011 and 2010 follows:

<i>(In millions)</i>	2012	2011	2010
Instruction	\$ 184.6	\$ 184.6	\$ 183.2
Research	169.0	185.6	186.6
Public service	108.8	109.3	115.4
Institutional and administrative support	114.4	113.6	103.1
Patient care services	666.1	646.9	685.3
Professional services and contracts	359.3	341.1	345.1
Operation and maintenance of plant	53.7	56.6	55.6
Depreciation	67.1	68.3	70.8
Insurance	10.9	5.4	10.1
Other	48.1	46.5	47.5
Total	<u>\$ 1,782.0</u>	<u>\$ 1,757.9</u>	<u>\$ 1,802.7</u>

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

The increase in operating expenses of \$24.1 million, or 1.4%, in 2012 is primarily attributable to the increase in costs related to patient care services and professional services and contracts, partially offset by a decrease in research activity.

The overall increase in 2012 reflects increases in salaries and wages of \$5.5 million and fringe benefits costs of \$20.2 million. The increase in fringe benefits is primarily due to an effective 1.9% rate increase and an increase in corresponding salaries. UH's operating expenses increased by \$10.2 million, or 2.0%, in 2012, due to an increase in fringe benefits expenses and supplies and services costs.

The decrease in operating expenses of \$44.8 million, or 2.5%, in 2011 is primarily attributable to the decrease in costs related to patient care services.

The overall decrease in 2011 reflects decreases in salaries and wages of \$17.2 million, fringe benefit costs of \$10.7 million, supplies and services costs of \$14.4 million and depreciation expense of \$2.5 million. UH's operating expenses decreased by \$28.3 million, or 5.2%, in 2011 as a result of operational improvements regarding staff reductions, physician compensation, supply efficiencies and lower utility costs.

Capital Assets and Debt Activities

It is the University's objective to manage its financial resources effectively. The University maintains debt ratings of Baa1 for its revenue bonds and Baa2 for its certificates of participation from Moody's Investors Service and A- from Fitch Ratings. The ratings reflect concerns about UH's financial performance and the University's level of liquidity.

All of the University's debt agreements are fixed rate agreements and their fair value approximates their carrying amounts.

As part of its mission, the University recognizes the importance of the development and renewal of its capital assets in order to meet the needs of its academic, research and clinical programs, subject to fiscal limitations due to its liquidity level.

Capital expenditures totaled \$34.7 million in 2012, \$33.5 million in 2011 and \$18.8 million in 2010. The major capital activities in 2012 and 2011 were for equipment purchases and infrastructure improvements.

As of June 30, 2012, the University had \$2,052.5 million invested in capital assets, which was reduced by \$1,190.5 million of accumulated depreciation and \$579.5 million of expended debt, resulting in net assets invested in capital of \$282.5 million.

As of June 30, 2011, the University had \$2,021.2 million invested in capital assets, which was reduced by \$1,125.7 million of accumulated depreciation and \$590.6 million of expended debt, resulting in net assets invested in capital of \$304.9 million.

Management's Discussion and Analysis

June 30, 2012

Consolidated Statements of Cash Flows

The Consolidated Statements of Cash Flows provide additional information about the University's financial results by reporting the major sources and uses of cash. The statements display net cash provided by or used in operating activities, noncapital financing activities, capital financing activities and investing activities.

A summary of the University's cash flows for the years ended June 30, 2012, 2011 and 2010 follows:

<i>(In millions)</i>	2012	2011	2010
Cash and cash equivalents (used in) provided by:			
Operating activities	\$ (147.7)	\$ (137.7)	\$ (163.9)
Noncapital financing activities	209.7	216.7	238.5
Capital financing activities	(80.2)	(74.3)	(62.8)
Investing activities	<u>6.0</u>	<u>(0.9)</u>	<u>28.4</u>
Net (decrease) increase in cash	(12.2)	3.8	40.2
Cash and cash equivalents - beginning of year	<u>196.6</u>	<u>192.8</u>	<u>152.6</u>
Cash and cash equivalents - end of year	<u>\$ 184.4</u>	<u>\$ 196.6</u>	<u>\$ 192.8</u>

Cash used in operating activities increased by \$10.0 million in 2012 due to an increase in other receivables. Cash used in operating activities decreased by \$26.2 million in 2011 due to higher tuition and fees and patient service revenues, which offset lower grant revenues.

Cash provided by noncapital financing activities decreased by \$7.0 million and \$21.8 million in 2012 and 2011, respectively, due to lower State appropriations revenues.

Cash used in capital financing activities increased by \$5.9 million in 2012 and \$11.5 million in 2011 due to a higher level of debt repayments in 2012 and purchases of capital assets in 2011.

Cash provided by investing activities increased by \$6.9 million in 2012 due to the maturity of investments. Cash used in investing activities increased by \$29.3 million in 2011 due to the net activity with assets held by trustees.

Cash, Cash Equivalents, Investments and Assets Held by Trustees

The University's cash and cash equivalents balance includes \$114.5 million and \$167.5 million of funds as of June 30, 2012 and 2011, respectively, which are invested in the State's cash management fund.

The majority of investments and assets held by trustees consist of U.S. treasuries and repurchase agreements, which are collateralized by U.S. government agencies, money market funds and common stock.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

Outlook

The financial performance of the University related to its academic and research mission's remains solid and reflects growth in student demand, enrollment and tuition and improved operating results at UH. The University expects this growth in academic activities to continue, while its research growth is dependent upon the national trend of Federal research activity. Professional services and contracts activities have also experienced growth over the last few years.

State appropriations - operations are expected to decrease by approximately \$5.7 million in 2013, based upon the final State budget, which reflects a transfer to Rowan for faculty support at an affiliated hospital. To address the budgetary uncertainty related to the level of State appropriations, the University continues to develop cost saving strategies that include reductions in the level of employees, supplies and services costs, purchasing improvements and to renegotiate affiliation agreements and commercial payor contracts. The University reassessed its tuition structure for 2013 in light of the expected level of State appropriations and increased the medical and dental school tuition rates by 5%. Tuition revenues are expected to increase by \$7.0 million in 2013 from these rate increases and a projected growth in enrollment.

Growth in governmental and private grants and contracts is critical to the University's ability to attract faculty and scientists and enhance its academic reputation. Research funds are received from Federal, State and local governments and private sources, which generally provide for the recovery of direct and indirect costs. Research revenues are expected to decrease slightly in 2013 due to lower expense activity. The University faces challenges to maintain its growth in Federal research funding, while it expands its collaborative efforts with other state universities.

As a result of the tuition increases, the implementation of cost saving strategies and revenue initiatives, the University projects breakeven operating results for its academic and research missions in 2013, excluding the impact of depreciation expense.

UH continues to be faced with financial challenges. The favorable \$14.5 million impact of the Medicaid settlement agreement with the State enabled UH to achieve a surplus from operations in 2012. In 2011 UH achieved a slight loss after a breakeven result in 2010. Since it is a safety net hospital and has a high level of uninsured and Medicaid patients UH must deal with the adverse financial impact of revenue collections and reimbursement issues related to its payors. The level of charity care services and related expenses remains high, while funding remains at a level that is insufficient to cover costs. UH also provides the highest level of graduate medical level education ("GME") in the State, for which it received \$14.8 million as reimbursement from the Medicaid program.

UH projects a breakeven budget in 2013 with little change in patient volumes, due to a projected rate increase and the continued implementation of strategies that are designed to stabilize its financial operations on both a short-term and long-term basis. The University continues to advocate with State officials regarding increasing reimbursement levels for GME activities.

UBHC and CINJ are expected to maintain financial stability in the future. State appropriations - operations for these units totaled \$39.4 million in 2012, and are projected to remain level in 2013.

University of Medicine and Dentistry of New Jersey

Management's Discussion and Analysis

June 30, 2012

UBHC has contracts with the DOC to provide mental, medical and dental healthcare services to inmates of state prisons, and these contracts are expected to generate \$139.4 million of annual revenues in 2013.

As a labor-intensive organization, the University faces competitive pressures related to attracting and retaining faculty and staff. Approximately 80% of the University's employees are represented by collective bargaining agreements. The University is currently negotiating with unions regarding wage and benefit issues.

Efforts continue to implement strategies to stabilize the University's financial condition and to collaborate with the State to jointly address the financial challenges of UH. These efforts are focused on securing the resources necessary to provide New Jersey's citizens with world-class education, leading-edge research and the highest quality healthcare.

Legal Matters

The University is a party to various legal proceedings arising in the ordinary course of its operations. In the opinion of management, the University has adequate insurance to cover the estimated potential liability for damages in these cases, or, to the extent such liability is not covered by insurance, any adverse decision would not have a material adverse effect on the University's financial position, results of operations, or cash flows

In connection with the settlement of two cases that initially resulted in a Deferred Prosecution Agreement with the United States Attorney for the District of New Jersey, the University entered into a five year Corporate Integrity Agreement ("CIA") with the Office of Inspector General of the Federal Department of Health and Human Services in September 2009. Under the terms of the CIA, the University agreed to adhere to requirements that will ensure regulatory and legal compliance with all Federal healthcare programs. Related liabilities have been estimated and recorded within the 2012 and 2011 financial statements, respectively.

From time to time, the University becomes aware of Federal and/or State inquiries and investigations and may receive subpoenas and other requests for information. The University cooperates with the agencies and provides the information and data requested. Although the ultimate outcome of any such inquiries may be unknown at this time, management believes they will not have a material effect on the University's financial position, operating results or cash flows.

The accompanying notes are an integral part of these financial statements

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
June 30, 2012 and 2011
(In thousands of dollars)

1. Organization

The University of Medicine and Dentistry of New Jersey (the “University” or “UMDNJ”), a component unit of the State of New Jersey (the “State”), was established in 1964 and operates under the provisions of the “Medical and Dental Education Act of 1970” (the “Act”). The Act provided for the combination of the Rutgers Medical School and the New Jersey College of Medicine and Dentistry into a single entity known as the College of Medicine and Dentistry of New Jersey, which was subsequently renamed the University of Medicine and Dentistry of New Jersey. The Act also provides for the appointment of a Board of Trustees by the Governor of New Jersey. The Board of Trustees has general supervision over and is vested with the conduct of the University. The University receives appropriations for operations, fringe benefits and capital from the State, which are determined annually through the State’s legislative process.

The University is a body corporate and politic of the State. Accordingly, the University’s consolidated financial statements are included in the State’s Comprehensive Annual Financial Report.

The University’s consolidated financial statements include the following units:

Schools of the University:

- UMDNJ-New Jersey Medical School (“NJMS”)
- UMDNJ-Robert Wood Johnson Medical School (“RWJMS”)
- UMDNJ-School of Osteopathic Medicine (“SOM”)
- UMDNJ-New Jersey Dental School
- UMDNJ-Graduate School of Biomedical Sciences
- UMDNJ-School of Health Related Professions
- UMDNJ-School of Nursing
- UMDNJ-School of Public Health

University Health Care Units:

- UMDNJ-University Hospital (“UH”)
- UMDNJ-University Behavioral HealthCare (“UBHC”)
- Eric B. Chandler Health Center
- The Cancer Institute of New Jersey (“CINJ”)
- Broadway House for Continuing Care
- Child Health Institute of New Jersey
- University Correctional HealthCare

Faculty Practice Plans:

- UMDNJ-Robert Wood Johnson Medical Group
- UMDNJ-School of Osteopathic Medicine
- UMDNJ-New Jersey Dental School
- UMDNJ-School of Health Related Professions
- UMDNJ-School of Nursing

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

Lease Holding Corporation:

- University Care Corporation

As defined by Governmental Accounting Standards Board (“GASB”) Statement No. 39, *Determining Whether Certain Organizations are Component Units*, an amendment of GASB Statement No 14, *The Financial Reporting Entity*, the New Jersey Health Foundation, Inc., (the “Foundation”), which includes the Foundation of the University of Medicine and Dentistry of New Jersey (“UMDNJ Foundation”), the Cancer Institute of New Jersey Foundation, Inc. (“CINJ Foundation”), and the Faculty Practice Plan of the UMDNJ-New Jersey Medical School – University Physician Associates of New Jersey, Inc. (“UPA”) meet the criteria to be reported as component units of the University.

The financial results for the Foundation, CINJ Foundation and UPA are reported in the aggregate discretely presented component units as separate statements within the basic financial statements because of the differences in their reporting models (see Note 3).

During 2012 and 2011, the Foundation distributed \$21,379 and \$22,962, respectively, to fund University programs and operations. Included in the Foundation’s financial statements are \$19,687 and \$20,960 of grants payable to the University as of June 30, 2012 and 2011, respectively. Separate financial statements for the Foundation can be obtained by writing to the President, New Jersey Health Foundation, Inc., 120 Albany Street, Tower II, Suite 850, New Brunswick, New Jersey 08901.

During 2012 and 2011, the CINJ Foundation distributed \$5,171 and \$4,285, respectively to fund CINJ programs and operations. Separate financial statements for CINJ Foundation can be obtained by writing to the Chief Operating Officer, Cancer Institute of New Jersey Foundation, Inc., 120 Albany Street, Tower II, Fifth Floor, New Brunswick, New Jersey 08901.

During 2012 and 2011, UPA distributed \$19,119 and \$17,416, respectively, to NJMS, which included contributions toward the medical malpractice fund. Included in UPA’s financial statements are \$8,181 and \$4,827 of distributions payable to the University as of June 30, 2012 and 2011, respectively, which are included within the University’s financial statements in other receivables. Separate financial statements for UPA can be obtained by writing to the Executive Director/Chief Executive Officer, University Physician Associates of New Jersey, Inc., 30 Bergen Street, ADMC 12, Room 1205, Newark, New Jersey 07107.

2. UMDNJ Restructuring

On August 22, 2012, the Governor of New Jersey signed the New Jersey Medical and Health Sciences Restructuring Act (the “Act”), which integrates the University, except for UH and SOM, into Rutgers University (“Rutgers”). The Act indicates that UH will become a free standing institution of the State, while SOM is to be integrated into Rowan University (“Rowan”). All assets, liabilities and debt of the University will be transferred as part of the integration. A School of Biomedical and Health Sciences will be created at Rutgers that will include all the transferred units of the University.

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

UH will remain the principal teaching hospital for the Newark based medical, dental and nursing schools and its community mission will be preserved, with a goal of establishing a long term public/private partnership to manage UH.

The Act shall take effect on July 1, 2013 and apply to the 2013-2014 academic year, but anticipatory administrative action may be taken in advance of the operative date as shall be necessary for the implementation of the legislation. The Act indicates that the State Treasurer shall establish a Transition Committee to advise him regarding all matters pursuant to the Act, including debt issues, the allocation of budgets, state appropriations and other matters. Upon advice of the Committee or its subcommittees, the State Treasurer shall be empowered to take all necessary administrative actions to implement the provisions of the Act.

The University, Rutgers and Rowan are working in a collaborative manner to accomplish the integration and have established teams to identify and address matters associated with the integration.

3. Summary of Significant Accounting Policies

Following is a summary of the University's significant accounting policies:

Basis of Presentation

The consolidated financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America as prescribed by GASB. All significant intercompany balances are eliminated in consolidation.

Basis of Accounting

The University uses enterprise fund accounting. Revenues and expenses are recognized on the accrual basis using the economic resources measurement focus. Based on GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, as amended, the University has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board ("FASB"), including those issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

The Foundation and CINJ Foundation are nonprofit organizations that report under FASB guidance, including Accounting Standards Codification (ASC) No. 958 related to the financial reporting for not-for-profit organization.

UPA is a nonprofit organization that reports its financial statements on a modified basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The impact of the modified basis of cash receipts and disbursements on the aggregate discretely presented component units' statements of net assets, and statements of revenues, expenses and changes in net assets is not reasonably determinable. However, it is material to the aggregate discretely presented component units' financial statements.

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The University's more significant estimates include its contractual allowances and allowances for doubtful accounts for patient service revenues and the related patient accounts receivable, reserves for grants and other receivables, amounts due to third party payors, accrued claims liability and commitments and contingencies.

Cash and Cash Equivalents

Cash and cash equivalents, excluding assets held by trustees, represent operating cash, money market investments and commercial paper that are unrestricted with maturities of three months or less at the date of purchase.

Investments

Investments in equity securities and debt securities are valued at fair value. Fair value is generally determined by sales prices or bid-and-asked quotations that are available on a securities exchange registered with the Securities and Exchange Commission or in the over-the-counter market. For investments in mutual funds, the fair value per share, or unit, is the value that is determined and published and the basis for current transactions. Investment income or loss, including realized gains and losses on investments, interest and dividends, is included in nonoperating revenues unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are also included in nonoperating revenues.

Other Receivables

Other receivables represent amounts due from hospitals under affiliation agreements with the University for use of its faculty and residents, the current portion of loans to students, amounts due from UPA, State of New Jersey Department of Corrections and amounts due from State and local municipalities and agencies for services rendered.

Grants Receivable

Grants receivable represent amounts due from Federal, State and local governments, pharmaceutical firms, the Foundation and private agencies, for research and other sponsored programs.

Inventories

Inventories consist primarily of hospital supplies, which are included in inventories and other assets, and are stated at the lower of cost, using the first-in, first-out method or market.

Endowment

Endowment investments are subject to the restriction of gift instruments requiring that the principal be invested in perpetuity and only the income be utilized. University management has the authority to utilize investment income, in accordance with the terms of each specific gift as approved by the Board of Trustees. Included in endowment investments is realized and unrealized appreciation on donor-restricted endowments. The unrealized net appreciation or depreciation on endowment investments is included in restricted nonexpendable net assets within the consolidated statements of revenues, expenses and changes in net assets. It is the University's policy to account for endowment appreciation in accordance with donor specifications.

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

Assets Held by Trustees

Assets held by trustees, which are recorded at fair value, represent assets whose use is limited under various bond indenture agreements. Such assets consist principally of investments in U.S. treasuries and agencies, commercial paper, repurchase agreements and money market funds (see Note 6).

Capital Assets, Net

Capital assets are recorded at cost or in the case of donated assets at fair value at the date of acquisition. Major renewals and improvements are capitalized while maintenance repairs are expensed when incurred. Depreciation is provided on a straight-line basis over the shorter of the estimated useful lives of the related assets or lease terms, ranging from 2 to 40 years. Amortization of assets recorded under capital leases is included with depreciation expense in the financial statements. Gains and losses resulting from the retirement of capital assets are also included in the financial statements within nonoperating revenues.

Impairment of Long-Lived Assets

The University reviews the realizability of long-lived assets and certain tangible assets whenever events and circumstances occur which indicate recorded costs may not be recoverable. No impairments of long-lived assets were recognized during 2012 or 2011.

Deferred Financing Costs and Other

Deferred financing costs represent costs incurred to obtain various capital financings and are amortized over the term of the related debt using the effective interest method or the straight-line method when not materially different. Deferred financing costs totaled \$7,827 and \$8,212, net of accumulated amortization of \$4,700 and \$4,315 as of June 30, 2012 and 2011, respectively.

In December 2006, the University acquired the intellectual property of Public Health Research Institute for approximately \$8,101. In June 2009, the University acquired various software licenses for \$2,000. These amounts are included in deferred financing costs and other and are being amortized over a ten year period.

Compensated Absences

The University accrues liabilities for employees' annual leave benefits and adjustments to the accrual are recorded annually.

Deferred Revenues

Deferred revenues include amounts received in advance from grant and contract sponsors, and amounts received for tuition and fees that relate to the subsequent fiscal year.

Accrued Claims Liability

Accrued claims liability represents estimated amounts payable related to workers compensation claims (see Note 9).

Net Assets

Net assets of the University are classified in four components. *Net assets invested in capital, net of related debt* consist of capital assets net of accumulated depreciation and are reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. *Restricted expendable net assets* are noncapital net assets that must be used for a particular purpose, as specified by creditors, grantors, the State, or contributors external to the University, including amounts deposited with trustees as required by revenue bond indentures, as discussed in Note 9. *Restricted nonexpendable net assets* are those subject to externally imposed stipulations

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

that they be maintained permanently. Such net assets include the corpus portion (historic value) of gifts and the University's permanent endowment fund and student loans. *Unrestricted net assets* are remaining net assets that do not meet the definition of *net assets invested in capital, net of related debt* or *restricted*.

Revenues and Expenses

The University's consolidated statements of revenues, expenses and changes in net assets distinguish between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing healthcare, education and research services which are the University's principal activities. Nonexchange revenues, including State appropriations, investment income, and capital grants are reported as nonoperating or other revenues. Operating expenses are all expenses incurred to provide healthcare, education and research services, other than financing costs. Nonoperating expenses are all expenses incurred related to financing, noncapital financing and investing activities.

Net Patient Service Revenues and Patient Accounts Receivable

Net patient service revenues are recorded on an accrual basis in the period in which the service is provided. Amounts recorded are net of allowances to give recognition to differences between charges and reimbursement rates from third party payors. Reimbursement from third party payors varies, depending upon the type and level of care provided. Certain net revenues received are subject to audit and retroactive adjustments for which amounts are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined (see Note 5).

Professional Services and Contracts Revenues

Professional services and contracts revenues are recorded on an accrual basis and are reported at the estimated net realizable amounts from patients, third party payors and others for services rendered.

Auxiliary Sales and Services

Auxiliary sales and services revenues include revenues from parking facilities, the University's housing and dining facilities, as well as other business type activities such as the computer hardware store and the gift shop.

Capitalized Interest Costs

Interest costs, net of investment income, are capitalized as part of capital expenditures and depreciated over the estimated useful life of the asset.

New Authoritative Pronouncements

In November 2010, the GASB issued Statement 61, *the Financial Reporting Entity: Omnibus*, which GASB Statement 61 provides amended guidance regarding the criteria governing which of a governmental entity's related parties should be formally incorporated into its financial statements with a focus on component units. GASB 61 is effective for the University's fiscal year 2013 financial statements. The guidance should be applied retroactively if practicable; otherwise, the cumulative effect should be reported as a restatement of beginning net assets for the earliest period presented.

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

In December 2010, the GASB issued Statement 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre- November 30, 1989 FASB and AICPA Pronouncements*. GASB Statement 62 extracts all relevant nonconflicting, noncontradictory provisions from pre-1989 private sector literature and issues them in the form of a GASB standard so that the private sector standards are no longer needed. Further, GASB Statement 62 eliminates the option, provided under GASB Statement 20 which the University currently applies, which allows the University to elect to apply nonconflicting, noncontradictory, post 1989 FASB standards. The provisions of this Statement are effective for the University's fiscal year 2013 financial statements.

In July 2011, the GASB issued Statement No. 63: *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The provisions of this Statement are effective for the University's fiscal year 2013 financial statements.

The University is evaluating the impact of the GASB Statements 61, 62 and 63 on its consolidated financial statements and disclosures.

4. Tuition and Fees, Net

Tuition and fees revenues are recorded on an accrual basis, net of allowances. Scholarship allowances are the estimated difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the student's behalf. Scholarship allowances totaled \$5,581 and \$5,890 in 2012 and 2011, respectively.

5. Healthcare Reimbursement System

A summary of the payment arrangements with major third party payors is as follows:

- Medicare – inpatient acute care, inpatient behavioral health, and most outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge or based on ambulatory payment classifications. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. The University is reimbursed for certain items at a tentative rate with final settlement determined after submission of its annual cost report by the University and audits thereof by the Medicare fiscal intermediary. UH's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization under contract with the University. UH's Medicare cost reports have been settled by the Medicare fiscal intermediary through June 30, 2004 and UBHC has settled its cost reports through June 30, 2009.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

- Medicaid – inpatient acute care and behavioral health services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Outpatient services are paid based upon a cost reimbursement methodology and outpatient behavioral health services, including adult and child services, are paid based on a Medicaid fee schedule. The University is paid for reimbursable costs at a tentative rate with final settlement determined after submission of the annual cost report by the University and audit thereof by the Medicaid fiscal intermediary. UH and UBHC have settled their Medicaid cost reports with the Medicaid fiscal intermediary through June 30, 2010 and June 30, 2008, respectively.

The University has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the University under these agreements includes prospectively determined rates per day/case and discounts from established charges.

Revenues received under the various reimbursement systems and agreements are subject to audit and adjustment. Accordingly, provisions for estimated adjustments resulting from audit, final settlement and changes in estimates have been recorded. Differences between the provisions and the amounts settled are recorded in the year of settlement. The University recognized revenues of \$(4,351) in 2012 and \$932 in 2011 as a result of changes in estimated third party settlements.

The University has recorded liabilities related to UH's Medicaid cost reports totaling \$49,739 and \$71,676 as of June 30, 2012 and 2011, respectively, which are included in estimated third party payors settlements. These amounts reflect the impact of two settlement agreements with the State.

In January 2009, the University and the State entered into a settlement agreement regarding certain Medicaid liabilities totaling \$46,031. Under the agreement, the State forgave \$23,031 of these liabilities and established a long-term repayment plan for the remaining \$23,000. In June 2012, a second Medicaid settlement was executed with the State that provided for the long-term repayment of an additional \$51,679 of outstanding liabilities.

Under the agreements, the repayments are as follows: \$2,000 for the year commencing July 1, 2012; \$3,000 per year for each of the succeeding two years commencing July 1, 2013; \$4,000 per year for each of the succeeding two years commencing July 1, 2015; \$4,250 for the year commencing July 1, 2017; \$5,250 for each of the succeeding three years commencing July 1, 2018; \$26,179 in the year commencing July 1, 2021; \$1,500 per year for each of the succeeding three years commencing July 1, 2022; and \$2,000 per year for each of the succeeding four years commencing July 1, 2025. As a result of the repayment period, the University discounted the liabilities by \$13,200 and \$14,500, in 2009 and 2012 respectively, to their estimated present value. The discounts are being amortized over the repayment period. The agreements also require that UH use 50% of any surplus that it realizes in a year, net of capital expenditures, as repayment of liabilities.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Laws and regulations governing Medicare and Medicaid programs are complex and subject to interpretation for which action for non-compliance includes fines, penalties, and exclusion from the Medicare and Medicaid programs.

UH and UBHC provide care to patients who meet certain criteria defined by the New Jersey Department of Health and Senior Services and the Department of Human Services without charge or at amounts less than their established rates. These units maintain records to identify and monitor the level of charity care they provide, which includes the amount of gross charges foregone for services and supplies furnished. Gross charges related to charity care totaled \$375,791 and \$407,423 in 2012 and 2011, for which UH received \$101,730 and \$100,016, respectively from the State's Charity Care Subsidy Fund. The University estimates that the cost of delivering this care was \$111,916 in 2012 and \$121,238 in 2011.

The components of net patient service revenues are as follows:

	Year Ended June 30,	
	2012	2011
Gross charges	<u>\$ 2,118,109</u>	<u>\$ 2,104,814</u>
Additions (deductions) from gross charges		
Health Care Subsidy Fund payments		
Charity care	101,730	100,016
Hospital relief	14,715	19,049
Contractual and other allowances	(1,587,148)	(1,574,295)
Provision for bad debts	(133,537)	(131,902)
Reduction of cost reports liabilities	14,490	-
Subtotal	<u>(1,589,750)</u>	<u>(1,587,132)</u>
Net patient service revenues	<u>\$ 528,359</u>	<u>\$ 517,682</u>

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

6. Cash and Cash Equivalents, Investments and Assets Held by Trustees

Cash on deposit, which is included in cash and cash equivalents in the consolidated financial statements, is \$77,949 and \$39,405 as of June 30, 2012 and 2011, respectively, and is partially insured by Federal Deposit Insurance Corporation in the amount of \$250 in each depository. Balances above the Federal Deposit Insurance Corporation amount are insured by the Government Unit Deposit Protection Act, which insures all New Jersey government units' deposits in excess of Federal Deposit Insurance Corporation maximums.

The University's cash equivalents balance includes \$114,468 and \$167,456 of funds as of June 30, 2012 and 2011, respectively, which are invested in the State's cash management fund, which is an investment trust fund that is managed by the State on behalf of various State divisions, agencies and employees.

Investments consist of the following:

	Cost	Fair Value	Unrealized Gains
June 30, 2012			
Common stock	\$ 807	\$ 21,121	\$ 20,314
Mutual funds	80	96	16
	<u>\$ 887</u>	<u>\$ 21,217</u>	<u>\$ 20,330</u>

	<u>\$ 77,388</u>	<u>\$ 57,545</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,843</u>

Substantially all of the University's investments, including assets held by trustees, are Category 1 investments, which are defined by GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, as investments that are insured or registered and are held by the institution, or its agent, in the institution's name. The University invests in repurchase agreements, principally of government securities, which are agreements between a seller and a buyer whereby the seller agrees to repurchase the securities at an agreed upon price and time. These repurchase agreements are fully collateralized by obligations of the U.S. government and U.S. government agencies.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Investment income consists of the following:

	Year Ended June 30,	
	2012	2011
Interest income	\$ 1,339	\$ 1,847
Dividend income	722	682
Gain on sale of investment	-	29
	<u>\$ 2,061</u>	<u>\$ 2,558</u>

Interest Rate Risk

The University does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Interest rate yields on investments consist of the following:

	Year Ended June 30,	
	2012	2011
Corporate bonds	-	6.13%

Interest rate yields on assets held by trustees consist of the following:

	Year Ended June 30,	
	2012	2011
U.S. agencies	4.63%	-
Commercial paper	-	3.63%
Repurchase agreements	4.71%	4.71%
Cash management funds	0.02%	0.09%

Credit Risk

The University's investment policy limits investments in corporate bonds to the top rating issued by nationally recognized statistical rating agencies. As of June 30, 2011 investments in corporate bonds were rated A1 by Standard and Poor's. Mutual bond fund investments are not rated.

Concentration of Credit Risk

The University's investment policy places no limits on the amount that may be invested in U.S. Government securities. However, holdings other than U.S. Government securities, must be diversified so as to limit concentration in any single obligor, industry or geographic area. Investment of corporate bonds and commercial paper must be in U.S. corporations.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

7. Capital Assets

The historical cost of capital assets and capital assets activities for the years ended June 30, 2012 and 2011 are as follows:

	June 30, 2011	Additions	Retirements/ Capitalization	June 30, 2012
Depreciable assets				
Land improvements	\$ 8,180	\$ -	\$ -	\$ 8,180
Buildings and leasehold improvements	1,409,644	2,591	-	1,412,235
Equipment	524,144	29,926	(2,515)	551,555
Capital assets for investment in joint ventures	35,930	81	-	36,011

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

The University and Rutgers, participate in an unincorporated joint venture agreement that manages two major research facilities, the Environmental and Occupational Health Sciences Institute and the Center for Advanced Biotechnology and Medicine.

The University has acquired certain fixed assets relating to the joint ventures totaling \$36,011 and \$35,930 as of June 30, 2012 and 2011, respectively. Total accumulated depreciation related to these assets was \$26,974 and \$26,191 as of June 30, 2012 and 2011, respectively.

Included in the University's capital asset balances are assets acquired under capital leases totaling \$115,493 and \$113,554 as of June 30, 2012 and 2011, respectively. Total accumulated amortization related to these assets was \$52,971 and \$49,835 as of June 30, 2012 and 2011, respectively.

Included in the University's capital asset balances are capitalized interest costs of \$379 and \$452 as of June 30, 2012 and 2011, respectively.

8. Self-Insurance Reserve Fund

The University administers a trust fund on behalf of the State known as the University of Medicine and Dentistry of New Jersey Self-Insurance Reserve Fund (the "Fund"), which is used to pay malpractice claims, insurance premiums and claims related to auto and directors' and officers' liability. The University and the State approve the payment of claims and the University is required to collect contributions to the Fund from its affiliated hospitals and UPA. Monies in the fund, existing commercial excess liability insurance coverage and coverage provided by the State's Tort Claims Act are used to meet the cost of claims against the University, primarily UH and the faculty practice plans. The State has the ultimate liability for any claims in excess of the Fund's assets.

Payment of claims from the Fund totaled \$20,890 and \$21,112 in 2012 and 2011, respectively. Contributions to the Fund from the State totaled \$10,208 and \$15,542 in 2012 and 2011, respectively. Contributions to the Fund from the University's affiliates totaled \$8,186 and \$7,287 in 2012 and 2011, respectively, and are included in nonoperating revenues.

Net assets in the Fund amounted to (\$4,260) and (\$1,766) as of June 30, 2012 and 2011, respectively.

9. Long-Term Debt, Capital Lease Obligations and Other Accrued Liabilities

As of June 30, 2012 and 2011, long-term debt, including bonds and capital lease obligations, consists of the following:

	2012	2011
2002 Series A Bonds, May 2002 issue in the amount of \$224,130. Serial bonds in the amount of \$77,455 bearing interest at rates of 4.2% to 5.5% are payable in installments of interest and principal through 2024; \$115,645 of 5.0%-5.5% term bonds are due through 2031. The bonds are collateralized by University revenues consisting of any moneys appropriated for debt service, any and all tuition revenues and any funds available to pay operating expenses.	\$ 193,100	\$ 200,215
2009 Series B Revenue Refunding Bonds, April 2009 issue in the amount of \$258,075. Serial bonds in the amount of \$72,625 bearing interest rates at 5.25%-6.5% are payable in equal installments of interest and principal through 2020; \$185,450 of 6.0%-7.5% term bonds are due through 2032. The bonds are collateralized by any legally available funds, with no specific pledge of revenues other than the funds held under the Lockbox Agreement (1)	258,075	258,075
Certificates of Participation, Series 2003 (2)	50,670	52,070
Certificates of Participation, Series 2004 (3)	76,960	78,545
Capital building leases (4)	54,998	56,687
Capital improvement fund obligation (5)	18,299	19,839
Notes payable (6)	2,023	2,673
	654,125	668,104
Unamortized bond discount and loss on extinguishment of debt	(5,347)	(5,636)
Total long-term debt and capital lease obligations, net of discount	\$ 648,778	\$ 662,468

- (1) In April 2009, the University entered into a Loan Agreement ("Agreement") with the New Jersey Educational Facilities Authority ("EFA") whereby EFA issued Revenue Refunding Bonds, UMDNJ issue, Series 2009 B in the amount of \$258,075 with an average interest rate of 7.2%. The net proceeds of the 2009 B bonds were used to refund various revenue bonds and lease revenue certificates. The University is obligated to make loan and interest payments to EFA, which are payable from any legally available funds of the University.

The refunding was structured to convert the University's variable rate debt into fixed rate debt and provide the holders of 2009 B Bonds with comparable rights to holders of other University debt issues.

As additional security for the Bonds, the University entered into a Lockbox Agreement, whereby it directed the State to deposit the majority of its monthly state appropriations directly with the lockbox bank, until such time that the bank has sufficient funds for the upcoming semi-annual debt service payments for the 2009 Series B Bonds and 2002 Series A Bonds.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

If the University expected to transfer, sell or divest more than 15% of its total assets or total revenues, the Agreement includes a provision that requires the University to certify that its debt service coverage ratio as defined in the Agreement is expected to be at least 3.0 for the year after the transfer or sale. If a certification cannot be made, then the University is required to defease or retire an amount of debt necessary to achieve the 3.0 ratio.

- (2) In January 2003, the University entered into a Master Lease Agreement whereby the University issued \$57,925 under Series 2003 Certificates of Participation for construction of the Child Health Institute located in New Brunswick. Serial certificates in the amount of \$17,680 bearing interest at rates of 4.0% - 5.0% are payable in equal installments of interest and principal through 2022; \$32,990 of 4.5% - 5.0% term certificates are due through 2032. These certificates are collateralized by available University revenues other than proceeds and earnings in rebate funds and grant accounts as well as insurance proceeds obtained for repair and replacement of the facility.
- (3) In December 2004, the University entered into a Master Lease Agreement whereby the University issued \$87,440 under Series 2004 Certificates of Participation for construction of the University Housing building located in Newark. Serial certificates in the amount of \$24,995 bearing interest at rates of 3.5% - 5.3% are payable in equal installments of interest and principal through 2024; \$51,965 of 5.0% term certificates are due through 2036. These certificates are collateralized by available University revenues other than proceeds and earnings in rebate funds and insurance proceeds obtained for repair and replacement of the facility.
- (4) In July 1998, the University entered into a capital lease purchase agreement on a building in New Brunswick known as Liberty Plaza. The lease agreement requires an average annual payment of \$1,696 to be paid through 2023 at which time the University will obtain title to the building. The effective interest rate on the lease is 5.1%.

In January 2000, the New Jersey Economic Development Authority ("NJEDA") issued \$46,000 in lease revenue bonds to develop a project facility known as the International Center for Public Health in Newark. In addition, the State contributed approximately \$18,000 toward this project. Upon completion of construction during 2002, the NJEDA transferred its ownership interest in the project facility to the University through the execution of a lease transfer agreement and the University assumed the obligations of the NJEDA. The lease agreement is collateralized by University revenues other than monies and securities in the rebate fund and requires an average annual payment of \$3,335 to be paid through 2032. The effective interest rate on the lease is 5.7%.

- (5) In July 2000, the University participated in the Capital Improvement Fund Act, P.L. 1999, c.217 through a grant agreement with EFA to fund specific construction and renovation needs. The University's allocation was \$95,000, of which 33% (\$31,667), bearing interest at rates ranging from 5.0% to 5.75%, is the obligation of the University. The remaining 67% (\$63,333) was a contribution from the State as well as the State's obligation. Average annual payments of \$2,650 of equal installments of interest and principal are due through 2020.
- (6) In February 1998, the University entered into a capital funding agreement with the New Jersey Department of Human Services for \$450 to purchase various properties. Title to the properties rests with the University. The agreement terminates in June 2018, at which time the University can renew the agreement or repay the debt. In October 2005, the University increased the agreement to \$523 to renovate various collateralized properties.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

In December 2004, the University entered into an Enhanced Affiliation agreement with Robert Wood Johnson University Hospital, which provides for working capital requirements for RWJMS through a promissory note. The promissory note is a credit line of \$10,000 and can be drawn down for a period of five years. During 2006, the agreement was amended canceling any further draws against the line of credit. Equal monthly repayments commence thirty days after the date of draw for ten years at an interest rate of prime. As of June 30, 2012, \$4,000 was drawn on the promissory note and principal payments were made in the amount of \$2,500.

Future principal and interest payments on long-term debt and future minimum payments on capital lease obligations are summarized in the following tables.

Long-term debt service requirements to maturity as of June 30, 2012 are as follows:

Year Ending June 30,	Principal	Interest	Total Payments
2013	\$ 16,494	\$ 34,934	\$ 51,428
2014	17,277	34,048	51,325
2015	18,136	33,145	51,281
2016	19,005	32,161	51,166
2017	19,705	31,120	50,825
2018-2022	114,681	137,093	251,774
2023-2027	140,085	101,103	241,188
2028-2032	192,165	53,153	245,318
2033-2036	61,580	5,083	66,663
	<u>599,128</u>	<u>461,840</u>	<u>1,060,968</u>
Less: Unamortized bond discount and loss on extinguishment of debt	(5,347)	-	(5,347)
	<u>\$ 593,781</u>	<u>\$ 461,840</u>	<u>\$ 1,055,621</u>

Capital lease payments as of June 30, 2012 are as follows:

Year Ending June 30,	Principal	Interest	Total Payments
2013	\$ 1,779	\$ 3,101	\$ 4,880
2014	1,945	3,003	4,948
2015	2,408	2,900	5,308
2016	2,539	2,769	5,308

	<u>56,686</u>	<u>-</u>	<u>(1,689)</u>	<u>54,997</u>	<u>1,779</u>
Estimated third party payors settlements	11,391	50,327	(14,490)	47,228	-
Accrued claims liability and other	<u>32,647</u>	<u>12,890</u>	<u>(11,897)</u>	<u>33,640</u>	<u>-</u>
	<u>\$706,506</u>	<u>\$ 63,217</u>	<u>\$ (40,077)</u>	<u>\$ 729,646</u>	<u>\$ 18,273</u>

	June 30,			June 30,	Amounts
	2010	Additions	Reductions	2011	Due Within
					One Year
Bonds and notes payable					
Revenue bonds	\$485,336	\$ -	\$ (7,206)	\$478,130	\$ 8,655
Certificates of participation	133,475	-	(2,860)	130,615	2,985
Notes payable	3,073	-	(400)	2,673	650
Unamortized bond (discount)	(5,973)	-	337	(5,636)	-
	<u>615,911</u>	<u>-</u>	<u>(10,129)</u>	<u>605,782</u>	<u>12,290</u>
Capital lease obligations					
Building leases	<u>58,292</u>	<u>-</u>	<u>(1,606)</u>	<u>56,686</u>	<u>1,689</u>
	<u>58,292</u>	<u>-</u>	<u>(1,606)</u>	<u>56,686</u>	<u>1,689</u>
Estimated third party payors settlements	10,744	647	-	11,391	-
Accrued claims liability and other	<u>30,455</u>	<u>13,239</u>	<u>(11,047)</u>	<u>32,647</u>	<u>-</u>
	<u>\$715,402</u>	<u>\$ 13,886</u>	<u>\$ (22,782)</u>	<u>\$ 706,506</u>	<u>\$ 13,979</u>

The estimated third party payors settlements amount represents the discounted value of the \$74,710 of liabilities that are to be repaid during 2013-2029. Annual interest expense of \$2,088 will be recorded through 2029 and will increase this liability.

Based on an actuarial valuation, the University recorded an accrued liability for workers compensation claims of \$33,557 and \$32,557 at June 30, 2012 and 2011, respectively, on a discounted basis assuming an interest rate of 3.25% in 2012 and in 2011. Actual losses will vary due to the uncertainty inherent in the projections used in the actuarial valuation.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

10. Retirement Benefits Plans

Retirement benefits for substantially all full-time employees are provided either through the Alternate Benefits Program (“ABP”) or the Public Employees’ Retirement – Social Security Integration Act (“PERS”). Under these plans, participants make annual contributions, and the State, in accordance with state statutes, makes employer contributions on behalf of the University for these plans. Pension expense paid by the State approximated \$56,894 in 2012 and \$54,789 in 2011 and is reflected in the consolidated statements of revenues, expenses and changes in net assets as fringe benefits paid by the State. The University has no direct pension obligation associated with the State plans and no liability for such costs has been recorded in the consolidated financial statements.

Employees of New Jersey state colleges and universities are employees of the State, therefore, the other post employment benefits liability is a liability of and recorded by the State, as the State is legally responsible for these contributions.

Total payroll of the University’s plan participants was \$756,504 and \$759,450 for 2012 and 2011, respectively. Summary information regarding these plans is provided below.

Alternate Benefits Program

Plan Description—ABP is a defined contribution plan for full-time members of the faculties of the University’s schools, plus other staff employees. This plan is underwritten by several plan participants to fund pension benefits for education institutions. ABP is administered by the State of New Jersey, Division of Pension and Benefits (the “Division”). Benefits under ABP are generally paid at retirement as a lump sum or annuity payment.

A separate financial report that includes financial statements and required supplementary information related to ABP is issued annually and can be obtained by contacting the Division.

Contributions—The State contributes a fixed rate of 8% of employees’ compensation and employees contribute 5%. The contribution requirements for plan members and the University are established and may be amended by the Division.

Contributions to ABP were as follows:

	Year Ended June 30,	
	2012	2011
Employee contributions	\$ 30,134	\$ 30,216
Employer contributions (paid by the State)	42,719	42,775
Basis for determining contributions - participating employee salaries	533,988	534,684

Public Employees’ Retirement System

Plan Description—PERS is a multiple-employer, public cost-sharing defined benefit retirement system which is administered by the State. University employees of a certain classification are required as a condition of employment to be members of PERS. Annual benefits are equal to the final average salary multiplied by years of service divided by 55. Final average salary is defined as the average of the salaries received by the member for the last three years of membership service or the three highest fiscal years, whichever provides the largest benefit. Pension benefits fully vest after ten years of credited service. Members are eligible for retirement at age 60 with no minimum

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

years of service required. Members who have 25 years or more of credited service may also select early retirement without penalty at or after age 55 and receive full retirement benefits. PERS also provides death and disability benefits which are established by State statute.

The State issues a financial report available to the public that includes financial statements and required supplementary information for PERS. It may be obtained from the Division.

Contributions—Covered University employees are required by PERS to contribute 6.5% and 5.5% of their annual compensation during 2012 and 2011, respectively. The State contributes the remaining amounts necessary to pay benefits when due, which is based upon an actuarially determined percentage of total compensation of all active members. Contributions to PERS were as follows:

	Year Ended June 30,	
	2012	2011
Employee contributions	\$ 14,335	\$ 12,728
Employer contributions (paid by the State)	14,175	12,014
Employer contributions as a percentage of salary expense	6%	5%
Basis for determining contributions - participating employee salaries	222,516	224,766

11. Concentration of Credit Risk

The healthcare units of the University extend credit without collateral to their patients, most of whom are local residents and are insured under third-party payor agreements. Gross accounts receivable as of June 30, 2012 and 2011 are due from the following payors:

	2012	2011
Medicare and Medicaid	32%	32%
Other third-party payors	36%	31%
Self-pay patients	32%	37%
	<u>100%</u>	<u>100%</u>

12. Fair Value of Financial Instruments

The University estimates the fair value of its revenue bonds based upon quoted market prices. As of June 30, 2012, the carrying amount and fair value of the bonds were approximately \$617,920 and \$662,942, respectively. As of June 30, 2011 the carrying amount and fair value of the bonds were approximately \$628,820 and \$638,845, respectively.

The carrying amount of all other financial instruments reported in the financial statements approximates their fair value.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

13. Commitments and Contingencies

The University has a contract with Ellucian Company LP, formerly SunGard Higher Education, for software and outsourcing services needed to maintain the University's integrated administrative computer system, which expires on July 31, 2013 at an annual cost of \$1,295.

In June 2009, the University entered into a lease agreement for telecommunications equipment that requires payments of \$1,400 per year through 2016.

The University has several major construction contracts in process for construction and renovation projects. As of June 30, 2012 and 2011, the remaining balance on these contracts was \$12,845 and \$7,358, respectively.

The University is obligated under noncancelable operating leases for various facilities and equipment. Minimum payments for operating leases with noncancelable terms in excess of one year are as follows:

Year Ending June 30,

2013	\$ 5,385
2014	5,008
2015	3,569
2016	2,274
2017	1,888
2018-2022	9,252
2023-2027	7,591
2028-2032	4,421
2033-and thereafter	1,804
	<u>\$ 41,192</u>

Total rent expense for these operating leases were \$5,064 and \$5,087 in 2012 and 2011, respectively.

The University, under various Jobs, Education and Competitiveness contracts, is required to establish a maintenance reserve fund which totaled \$4,125 as of June 30, 2012 and 2011, respectively.

During 2000, the Board of Trustees authorized the University to enter into two limited partnerships (Woodbury Mews 3, LLP and Woodbury Mews 4, LLP), which were formed to operate an assisted living facility and a dementia/Alzheimer's facility. In return for a 20% interest in each LLP, the University provided access to stand-by letters of credit totaling \$4,500. In 2004, one letter was amended downward by \$700. As of June 30, 2012 and 2011, \$3,800 was drawn on the letters of credit. The University reserved the entire \$3,800 in 2006.

The University receives funds from Federal, State and private agencies under grants and contracts for research, training and other activities. The costs, both direct and indirect, charged to these grants and contracts are subject to audit and possible disallowance by the sponsoring agency. It is the University's belief that any disallowances or adjustments would not have a significant effect on its financial statements.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

14. Legal Matters

The University is a party in various legal proceedings arising in the ordinary course of its operations. In the opinion of management, the University has adequate insurance to cover the estimated potential liability for damages in those cases, or, to the extent such liability is not covered by insurance, any adverse decision would not have a material adverse effect on the University's financial position, results of operations, or cash flows.

In connection with the settlement of two cases that initially resulted in a Deferred Prosecution Agreement with the United States Attorney for the District of New Jersey, the University entered into a five year Corporate Integrity Agreement (“CIA”) with the Office of Inspector General of the Federal Department of Health and Human Services in September 2009. Under the terms of the CIA, the University agreed to adhere to requirements that will ensure regulatory and legal compliance with all Federal healthcare programs. Related liabilities have been estimated and recorded within the 2012 and 2011 financial statements, respectively.

From time to time, the University becomes aware of Federal and/or State inquiries and investigations and may receive subpoenas and other requests for information. The University cooperates with the agencies and provides the information and data requested. Although the ultimate outcome of any such inquiries may be unknown at this time, management believes they will not have a material effect on the University's financial position, operating results or cash flows.

16. Component Unit - New Jersey Health Foundation, Inc.

The following information in note 16 has been taken from the Foundation's audited financial statements.

Summary of Significant Accounting Policies

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional. Contributions of assets other than cash are recorded at their estimated fair value at the date of donation. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible contributions receivable is provided based upon management's judgment, including such factors as prior collection history, type of contribution and nature of fundraising activity.

Grants Payable

Grants are distributed in the areas of research, research training, educational enrichment, student assistance, university ventures, and community health. Grants payable are recorded at the time authorized by the board of trustees of the Foundation; an award letter is sent to the recipient and grants are expected to be paid within one year.

Concentration of Credit Risk

The Foundation maintains a significant and diverse investment portfolio, which includes money market funds, debt and equity securities and alternative assets. Alternative assets include interests in limited partnerships and offshore funds. These instruments may contain elements of both credit and market risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependence on key individuals and nondisclosure of portfolio composition. The Foundation reviews the performance and risks associated with these investments on at least a monthly basis. In addition, the Foundation utilizes the services of an investment consultant who continually monitors the individual investment fund performance, any changes in management at the investment fund or any other significant matters affecting the fund and advises the Foundation of any such changes.

As the Foundation is dependent on investment return to fund a significant portion of its operations, a significant decrease in investment return may have a material impact on the financial position, changes in net assets, and cash flows of the Foundation.

Fair Value Hierarchy

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820, *Fair Value Measurements* (formerly referred to as SFAS No. 157), establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities that are traded in an active exchange market, as well as U.S. Treasury securities.
- Level 2: Investments in certain entities that calculate net asset value per share (or its equivalent) in which the Foundation has the ability to redeem its investment with the investee at net asset value per share (or its equivalent) at or near the measurement date. Level 2 also includes investments with observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quotes prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments. This category generally includes certain U.S. Government and agency mortgage-backed debt securities and corporate debt securities.
- Level 3: Investments in certain entities that calculate net asset value per share in which the Foundation either will never have the ability to redeem its investment with the investee at net asset value per share (or its equivalent) or in which the Foundation cannot redeem its investment with the investee at net asset value per share (or its equivalent) at or near the measurement date but the investment may be redeemable with the investee at a future date. These investment prices are based on the respective net asset value reported by the administrator and/or management of the investment fund in which the Foundation invests. The inputs in the determination of fair value require significant management judgment or estimation. Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer.

Investments

Overall Investment Objective

The overall investment objective of the Foundation is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to allow for the annual appropriation under its spending policy, fund a portion of its annual operating activities and increase investment value after inflation. The Foundation diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the Board's Finance Committee, which oversees the Foundation's investment program in accordance with established guidelines.

Allocation of Investment Strategies

In addition to traditional stocks and fixed-income securities, the Foundation may also hold shares or units in institutional funds as well as in alternative investment funds involving hedged and private equity strategies. Hedged strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedged strategies generally hold securities or other financial instruments for which a ready market exists and may include stocks, bonds, put or call options, swaps, currency hedges and other instruments, and are valued accordingly. Private equity funds employ buyout and venture capital strategies and focus on investments in turn-around situations. Private equity strategies therefore often require the estimation of fair values by the fund managers in the absence of readily determinable market values. Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used had a ready market existed, and the differences could be material. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held. Moreover, the fair values of the Foundation's interests in shares or units of these funds, because of liquidity and capital commitment terms that vary depending on the specific fund or partnership agreement, may differ from the fair value of the funds' underlying net assets.

Basis of Reporting

Investments are reported at estimated fair value. If an investment is held directly by the Foundation and an active market with quoted prices exists, the market price of an identical security is used as reported fair value. Reported fair values for shares in registered mutual funds are based on share prices reported by the funds as of the last business day of the fiscal year. The Foundation's interests in alternative investment funds are generally reported at the net asset value (NAV) provided by the fund managers, which is used as a practical expedient to estimate the fair value of the Foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2012 and 2011, the Foundation had no plans or intentions to sell investments at amounts different from NAV.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

The following table summarizes the Organization's investment and other assets by major category in the fair value hierarchy as June 30, 2012 and 2011, as well as related strategy, liquidity and funding commitments:

	June 30, 2012				Redemption	Days'
	Level 1	Level 2	Level 3	Total	or liquidation	notice
Long-term investment strategies:						
Traditional fixed income funds	\$ 16,649	\$ -	\$ -	\$ 16,649	Daily	1
Domestic equities:						
					Daily Level 1/	
Large-mid cap	41,512	5,035	-	46,547	Monthly Level	2
Small cap value	4,897	-	-	4,897	Daily	1
Small cap	6,380	-	-	6,380	Daily	30
Total	52,789	5,035	-	57,824		
Global (excluding U.S.) equities:						
Developed markets	-	18,562	-	18,562	Monthly	5
Emerging markets	6,073	-	-	6,073	Daily	1
Total	6,073	18,562	-	24,635		
Hedged equity funds of funds:						
Long/short strategies	-	-	9,526	9,526	Locked-up (1)	60
Absolute return/multiple strategies	-	-	20,970	20,970	Locked-up (2)	100
Total	-	-	30,496	30,496		
Private equity and venture capital funds	-	-	7,254	7,254	Illiquid (3)	N/A
Other debt securities	6,203			6,203		
Other equity securities	2,905	-	-	2,905	Daily	1
Total long-term investments	84,619	23,597	37,750	145,966		
Cash equivalents – money market	29,933	-	-	29,933	Daily	1
Total	\$ 114,552	\$ 23,597	\$ 37,750	\$ 175,899		

(1) These funds are subject to lock-ups expiring in 2015.

(2) \$13 million of these funds are subject to a three year lock-up expiring December 2013; \$8 million of these funds are subject to a three year lock-up expiring December 2012.

(3) These funds are expected to liquidate within 10 years. Unfunded future commitments aggregate \$1.5 million.

Traditional fixed income funds	\$ 18,636	\$ -	\$ -	\$ 18,636	Daily	1
Domestic equities:						
					Daily Level 1/ Monthly Level 2	
Large-mid cap	41,153	7,761	-	48,914	Monthly Level 2	2
Small cap value	5,605	-	-	5,605	Daily	1
Small cap	6,195	-	-	6,195	Daily	30
Total	52,953	7,761	-	60,714		
Global (excluding U.S.) equities:						
Developed markets	-	23,799	-	23,799	Monthly	5
Emerging markets	7,718	-	-	7,718	Daily	1
Total	7,718	23,799	-	31,517		
Hedged equity funds of funds:						
Long/short strategies	-	-	9,444	9,444	Locked-up (1)	60
Absolute return/multiple strategies	-	-	24,208	24,208	Locked-up (2)	100
Total	-	-	33,652	33,652		
Private equity and venture capital funds	-	-	7,417	7,417	Illiquid (3)	N/A
Other debt securities	1,002			1,002		
Other equity securities	3,177	-	-	3,177	Daily	1
Total long-term investments	83,486	31,560	41,069	156,115		
Cash equivalents – money market funds	29,371	-	-	29,371	Daily	1
Total	\$ 112,857	\$ 31,560	\$ 41,069	\$ 185,486		

(1) Approximately one-half of these funds are subject to lock-up expiring in 2013 and one-half expiring in 2012.

(2) \$13 million of these funds are subject to a three year lock-up expiring December 2013; \$4 million of these funds are subject to a three year lock-up expiring December 2012; \$7 million of these funds are subject to a three year lock-up expiring December 2011.

(3) These funds are expected to liquidate within 10 years. Unfunded future commitments aggregate \$1.8 million.

Most investments classified in Levels 2 and 3 consist of shares or units in nonregistered investment funds as opposed to direct interests in the funds' underlying securities, some of which are marketable or not difficult to value. Because each fund's reported NAV is used as a practical expedient to estimate the fair value of the Foundation's interest therein, the level in which a fund's fair value measurement is classified is based on the Foundation's ability to redeem its interest at or near the date of the statement of financial position. Accordingly, the inputs or methodology used for valuing or classifying investments for financial reporting purposes are not necessarily an indication of the risks associated with those investments or a reflection of the liquidity of or degree of difficulty in estimating the fair value of each fund's underlying assets and liabilities.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

The following table presents the Organization's activities for the year ended June 30, 2012 and 2011 for investments classified in Level 3:

<u>Level 3 roll forward</u>	2012		
	Hedged equity funds of funds	Private equity and venture capital funds	Total
Beginning value as of July 1, 2011	\$ 33,651	\$ 7,418	\$ 41,069
Acquisitions	-	425	425
Redemptions	(3,139)	(462)	(3,601)
Net realized and unrealized gains	(16)	(127)	(143)
Fair value at June 30, 2012	<u>\$ 30,496</u>	<u>\$ 7,254</u>	<u>\$ 37,750</u>

<u>Level 3 roll forward</u>	2011		
	Hedged equity funds of funds	Private equity and venture capital funds	Total
Beginning value as of July 1, 2010	\$ 30,683	\$ 6,493	\$ 37,176
Acquisitions	-	680	680
Redemptions	(735)	(327)	(1,062)
Net realized and unrealized gains	3,703	571	4,274
Fair value at June 30, 2011	<u>\$ 33,651</u>	<u>\$ 7,417</u>	<u>\$ 41,068</u>

Private equity and venture capital investments are generally made through limited partnerships. Under the terms of such agreements, the Foundation may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The Foundation cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Certain hedge funds of funds contain "rolling" lock-up provisions. Under such provisions, tranches of the investment are available for redemption at calendar year-end once every two or three years, if the Foundation makes a redemption request prior to the next available withdrawal date in accordance with the notification terms of the agreement.

Investment liquidity as of June 30, 2012 and 2011 is aggregated below based on redemption or sale period:

	Investment fair values	
	2012	2011
Investment redemption or sale period:		
Daily	\$ 114,552	\$ 112,856
Monthly	23,597	31,560
Subject to rolling lock-ups	30,496	33,651
Illiquid	7,254	7,417
	<u>\$ 175,899</u>	<u>\$ 185,484</u>

Net Asset Balances

Temporarily Restricted Net Assets

As of June 30, 2012 and 2011, temporarily restricted net assets are available for the following purposes:

	2012	2011
Construction of facilities	\$ 3,012	\$ 4,477
Research grants	13,696	18,465
Faculty chairs and support	5,046	9,035
Lectures and events	247	671
Continuing education program support	1,172	1,827
Scholarships and fellowships	5,750	4,978
Other designated program support	16,595	16,356
	<u>\$ 45,518</u>	<u>\$ 55,809</u>

Permanently Restricted Net Assets

As of June 30, 2012 and 2011, permanently restricted net assets consist of endowment contributions from donors with income to be used for specific or general purposes as follows:

	2012	2011
Faculty chairs	\$ 32,908	\$ 32,183
Research	25,473	24,003
Construction of facilities	12,210	12,061
Lectureships	1,091	1,038
Scholarships and fellowships	15,113	14,264
Other	4,553	3,199
	<u>\$ 91,348</u>	<u>\$ 86,748</u>

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

The Foundation's endowment consists of 289 and 273 funds as of June 30, 2012 and 2011, respectively, that have been established by the Foundation to support faculty chairs, research, lectureships, scholarships, fellowships and other programs at the University. These funds are invested by the Foundation. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based upon the existence or absence of donor-imposed restrictions.

Uniform Prudent Management of Institutional Funds Act (the Act)

The Foundation has interpreted the Act as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As of result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the prudence standard prescribed by the Act. In accordance with the Act, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation and the University
7. The investment policies of the Foundation

Spending and Investment Policies

The Foundation has a policy of appropriating for distribution each year 5% of the lesser of (1) each of its eligible endowment fund's average fair value based on the twelve quarters preceding the beginning of the fiscal year end or (2) fair value at the beginning of the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to maintain its purchasing power by growing at a rate equal to planned payouts. Additional real growth will be provided through new gifts and any excess investment return.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires the Foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that exceed the net appreciation classified in temporarily restricted net assets are classified as board designated net assets. Future gains to restore the fair value of the donor-restricted endowment funds to the required level shall first be reported as increases in board designated net assets to the extent of the deficiency with excess reported as increases in temporarily restricted net assets. There are no deficiencies as of June 30, 2012 and 2011.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of income and growth, while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity as well as board designated funds. Under this policy, as approved by the Foundation's Finance Committee of the Board of Directors, the endowment assets are invested in a number of different asset classes and investment strategies to diversify the investments to provide a balance that will enhance the long-term total return of the overall investment portfolio while avoiding undue risk or concentration in any single asset class or investment category.

The following represents the net asset classes of the Foundation's board designated and donor-restricted endowment funds as of June 30, 2012 and 2011:

	2012			
	Board designated	Temporarily restricted	Permanently restricted	Total
Board designated endowment funds	\$ 37,173	\$ -	\$ -	\$ 37,173
Donor-restricted endowment funds	-	13,889	91,348	105,237
Total endowment funds	37,173	13,889	91,348	142,410
Other non-endowment funds	2,603	31,629	-	34,232
Total net assets	<u>\$ 39,776</u>	<u>\$ 45,518</u>	<u>\$ 91,348</u>	<u>\$ 176,642</u>

	2011			
	Board designated	Temporarily restricted	Permanently restricted	Total
Board designated endowment funds	\$ 41,717	\$ -	\$ -	\$ 41,717
Donor-restricted endowment funds	-	23,103	86,748	109,851
Total endowment funds	41,717	23,103	86,748	151,568
Other non-endowment funds	1,941	32,706	-	34,647
Total net assets	<u>\$ 43,658</u>	<u>\$ 55,809</u>	<u>\$ 86,748</u>	<u>\$ 186,215</u>

Fair Value Accounting

The CINJ Foundation has adopted the accounting guidance related to Fair Value Measurements with respect to its financial assets and liabilities. Fair Value Measurements defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles and enhances disclosure about fair value measurements. Fair value is defined under Fair Value Measurements as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in principal or most advantageous market for the asset or liability in an orderly transaction between market participations on the measurement date. Valuation techniques used to measure fair value under Fair Value Measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs (of which the first two are considered observable) and the last unobservable, that may be used to measure fair value and they are the following:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In accordance with Fair Value Measurements, the following table represents the CINJ Foundation's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of June 30, 2012:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Cash and cash equivalents	\$ 4,107	\$ -	\$ -	\$ 4,107
Short-term investments:				
Certificates of deposit - financial services	4,589	-	-	4,589
Long-term investments:				
Life insurance	-	-	35	35
Cash equivalents restricted for long-term purposes	196	-	-	196
Total long-term investments	196	-	35	231
Total investments	<u>\$ 8,892</u>	<u>\$ -</u>	<u>\$ 35</u>	<u>\$ 8,927</u>

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

In accordance with Fair Value Measurements, the following table represents the CINJ Foundation's fair value hierarchy for its financial assets and liabilities measured at fair value on a recurring basis of June 30, 2011:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Cash and cash equivalents	\$ 3,933	\$ -	\$ -	\$ 3,933
Short-term investments:				
Certificates of deposit - financial services	3,340	-	-	3,340
Long-term investments:				
Corporate bonds - financial services - AAA	-	2,210	-	2,210
Exchange traded fund - S&P500	341	-	-	341
Life insurance	-	-	49	49
Cash equivalents restricted for long-term purposes	3	-	-	3
Total long-term investments	344	2,210	49	2,603
Total investments	<u>\$ 7,617</u>	<u>\$ 2,210</u>	<u>\$ 49</u>	<u>\$ 9,876</u>

Money market funds, certificates of deposit, marketable securities and exchange traded funds are valued using quoted market prices in active markets for identical assets. Corporate bonds are valued at market price or market price for similar assets in active markets. In the event that quoted market prices in active markets and other observable measurement criteria are not available, CINJ Foundation will develop measurement criteria based upon the best information available. There have been no changes in the methodologies used for periods presented in these financial statements. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while CINJ Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a summary of activity for the year ended June 30, 2011 and June 30, 2012 for assets measured at fair value based upon unobservable measure criteria:

Balance, June 30, 2010	\$ 39
Change in cash surrender value of life insurance policy purchased	<u>10</u>
Balance, June 30, 2011	49
Change in cash surrender value of life insurance policy purchased	<u>(14)</u>
Balance, June 30, 2012	<u>\$ 35</u>

Contributions Receivable

Contributions receivable include only unconditional promises to give and are expected to be received subsequent to June 30, 2012 and 2011 as follows:

	2012	2011
One year or less	\$ 706	\$ 2,087
One year to five years	<u>193</u>	<u>277</u>
	899	2,364
Allowance for uncollectible contributions	(113)	(52)
Present value discount at 3.5% for 2012 and 2011	<u>(20)</u>	<u>(86)</u>
	<u>\$ 766</u>	<u>\$ 2,226</u>

Contributions receivable are classified as follows as of June 30:

	2012	2011
Unrestricted	\$ 98	\$ 139
Temporarily Restricted	650	2,069
Permanently Restricted	<u>18</u>	<u>18</u>
	<u>\$ 766</u>	<u>\$ 2,226</u>

Endowment Funds

Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds provides guidance on the net asset classification of donor restricted endowment funds for not-for-profits subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and enhanced disclosures relating to endowment funds for all not-for-profits whether or not they are subject to UPMIFA. The State of New Jersey adopted UPMIFA on June 10, 2009.

The CINJ Foundation's endowment consists of four (4) individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

University of Medicine and Dentistry of New Jersey

Notes to Consolidated Financial Statements

(In thousands of dollars)

Interpretation of Relevant Law

The Board of Trustees of the CINJ Foundation has interpreted state law as requiring the preservation of the value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the CINJ Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment and (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as permanently restricted net assets until those amounts are appropriated for expenditure by the CINJ Foundation in a manner consistent with the standard of prudence prescribed by state law. The CINJ Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the CINJ Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the CINJ Foundation
- The investment policies of the CINJ Foundation

Return Objectives and Risk Parameters

The CINJ Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. The primary purpose of endowment funds is to provide the CINJ Foundation with recurrent and growing financial support to be used in perpetuity to support the mission of the CINJ Foundation or to be used as required by restricted fund stipulations. A secondary objective is to provide the CINJ Foundation with financial support as required by the Board of Trustees in the event of a financial emergency and operating budget deficits.

The CINJ Foundation's investment objectives of Endowment Funds are to:

- Preserve and increase the capital value of the Fund, while providing an annual cash distribution if designated by the Investment Committee of the Board of Trustees.
- Maintain the purchasing power of current and future assets by producing positive inflation adjusted returns.
- Maximize returns within reasonable and prudent levels of risk in accordance within accepted fiduciary standards and maintain an appropriate policy of investment quality and diversification.

The CINJ Foundation continues to be cautious given the ongoing economic climate. The CINJ Foundation started a conservative, timed investment of the existing endowment funds during fiscal year 2010. Holdings associated with this investment plan were liquidated in fiscal year 2012 due to market volatility. All investments are constantly monitored and adjustments are made as considered necessary.

Strategies Employed for Achieving Objectives

The CINJ Foundation had established a long-term endowment strategy at a point in time where the economic climate was quite different than that of today. The investment committee is re-visiting the CINJ Foundation's policies in light of the unpredictable volatility of the financial markets.

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Spending Policy and How the Investment Objectives Relate to Spending Policy

The primary purpose of the Endowment Fund is to provide the CINJ Foundation with recurrent and growing financial support to be used in perpetuity to support the mission of the CINJ Foundation or to be used as required by restricted fund stipulations. Income from the endowed funds may be used to pay or reimburse the CINJ Foundation for overhead related to the administration of any endowed fund, with details of those payments to be worked out as the need arises in individual cases. A secondary spending objective is to provide the CINJ Foundation with financial support as required by the Board of Trustees in the event of a financial emergency and operating budget deficits.

The following table provides information regarding the change in endowment net assets for the years ended June 30, 2012 and 2011:

	Permanently Restricted	
	2012	2011
Endowment net assets, beginning	\$ 985	\$ 910
Investment return	(57)	73
Contribution (Net)	1	2
Administrative fee	-	-
Endowment net assets, ending - with purpose restrictions	<u>\$ 929</u>	<u>\$ 985</u>

18. Component Unit - University Physicians Associates of New Jersey, Inc.

The following information in note 18 has been taken from UPA's audited financial statements.

Investments and Assets Whose Use is Limited

Long Term Investments

Long term investments are stated at fair value and consisted of the following as of June 30, 2012 and 2011:

	2012	2011
Marketable equity securities	<u>\$ 327</u>	<u>\$ 288</u>

Assets Limited as to Use

Assets limited as to use at June 30, 2012 and 2011 is set forth in the following table:

	2012	2011
Cash and cash equivalents whose use is limited	<u>\$ 3,663</u>	<u>\$ 1,875</u>

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

Current Investments

The composition of current investments reported as trading securities at June 30, 2012 and 2011 is set forth in the following table:

	2012	2011
Cash and cash equivalents	\$ 1,345	\$ 1,293
Marketable equity securities	6,598	6,792
U.S. government securities	2,574	934
Bonds	1,051	2,553
Total current investments	<u>\$ 11,568</u>	<u>\$ 11,572</u>

Investment income and net unrealized gains on long-term investments, cash and cash equivalents whose use is limited, and cash and cash equivalents for the years ended June 30, 2012 and 2011 consisted of the following:

	2012	2011
Interest income	\$ 43	\$ 1,416
Dividend income	3	3
Net unrealized gain	40	49
	<u>\$ 86</u>	<u>\$ 1,468</u>

The fair value of UPA's financial assets that are measured on a recurring basis at June 30, 2012 are as follows:

	Valuation Techniques (1)	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total Fair Value
Assets					
Marketable equity securities	M	6,925	-	-	6,925
U.S. government securities	M	-	2,574	-	2,574
Bonds	M	-	1,051	-	1,051
Total assets		<u>\$ 6,925</u>	<u>\$ 3,625</u>	<u>\$ -</u>	<u>\$ 10,550</u>

(1) The three valuation techniques are market approach (M), cost approach (C) and income approach (I).

University of Medicine and Dentistry of New Jersey
Notes to Consolidated Financial Statements
(In thousands of dollars)

The fair value of UPA's financial assets that are measured on a recurring basis at June 30, 2011 are as follows:

		Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total Fair Value
	Valuation Techniques (1)				
Assets					
Marketable equity securities	M	7,079	-	-	7,079
U.S. government securities	M		934	-	934
Bonds	M	-	2,553	-	2,553
Total assets		<u>\$ 7,079</u>	<u>\$ 3,487</u>	<u>\$ -</u>	<u>\$ 10,566</u>

(1) The three valuation techniques are market approach (M), cost approach (C) and income approach (I).

At June 30, 2012 and 2011, there was approximately \$1.3 million of cash and cash equivalents in investments within the combined statements of assets, liabilities and net assets that are excluded from the charts above as they are not considered recurring fair value measurements.

The following methods and assumptions were used to estimate the fair value of each class of assets:

Marketable Equity Securities - Fair value estimates for publicly traded equity securities, money market funds and U.S. government securities are based on quoted market prices are classified as Level 1. UPA does not adjust the quoted price for such assets.

U.S. Government Securities and Bonds - The estimated fair values are based on other market data for the same or comparable instruments and transactions in establishing the prices. Fair values of debt securities that do not trade on a regular basis in active markets or priced using a model-based valuation are classified as Level 2.

University of Medicine and Dentistry of New Jersey

Schedule of Expenditures of Federal Awards

Year Ended June 30, 2012

Federal Grantor/Pass Through Grantor/Program or Cluster Title	Federal CFDA	Direct Federal Expenditures	Pass Through Expenditures	Total Federal Expenditures
Research and Development and Research Training Cluster (continued)				
Environmental Protection Agency (Continued)				
Office of Research and Development Consolidated Research				
Pass Through: Rutgers University, 00003646	66.511	-	(540)	(540)
Subtotal 66.511		-	(540)	(540)
Performance Partnership Grants				
Pass Through: New Jersey Department of EPA, SR10-009	66.605	-	32,880	32,880
Subtotal 66.605		-	32,880	32,880
Total Environmental Protection Agency		74,819	499,842	574,661
Department of Energy				
Office of Science Financial Assistance Program				
Pass Through: Vanderbilt University, 19067-S6 CRESPIII	81.049	-	78,133	78,133
Subtotal 81.049		-	78,133	78,133
Financial Assistance Program Science Education and Technical Information	81	(303)	-	(303)
Subtotal 81		(303)	-	(303)
Total Department of Energy		(303)	78,133	77,830
Department of Education				
National Institute on Disability and Rehabilitation Research	84.133	419,557	-	419,557
Pass Through: University of Massachusetts, 6135582/RFS2012027	84.133	-	19,538	19,538
Pass Through: Temple University, 240344	84.133	-	48,856	48,856
Subtotal 84.133		419,557	68,394	487,951
Total Department of Education		419,557	68,394	487,951
Department of Health and Human Services				
Behavioral and Social Science Research on Health Disparities, FAA015004A	93	277	-	277
Pass Through: Rutgers University, SUB 4189	93	-	23,024	23,024
Pass Through: Mt. Sinai School of Medicine, 207942 HHSN267200700047C	93	-	40,435	40,435
Pass Through: University of Michigan, 3001740434	93	-	18,557	18,557
Pass Through: Johns Hopkin University, 805-89515-7	93	-	12,996	12,996
Pass Through: Portland State University, 201ROB293	93	-	4,408	4,408
Subtotal 93		277	99,420	99,697
Center for Disease Control and Prevention				
Global AIDS				
Pass Through: Columbia University, 1USGPS001537-03	93.067	-	165,357	165,357
Pass Through: Columbia University, MTCTPCU516760	93.067	-	45,722	45,722
Subtotal 93.067		-	211,079	211,079
Centers for Disease Control Investigations and Technical Assistance	93.283	759,305	-	759,305
Pass Through: American Association of Medical Colleges, MM-0841-05/04	93.283	-	(130)	(130)
Pass Through: American Association of Medical Colleges, MM-0841-05/05	93.283	-	(6)	(6)
Pass Through: Mt. Sinai Hospital, SC6147665	93.283	-	(3,722)	(3,722)
Pass Through: Mt. Sinai Hospital, SC6135586	93.283	-	(33)	(33)
Subtotal 93.283		759,305	(3,891)	755,414
Assistance Programs for Chronic Disease Prevention and Control	93.945	137,427	-	137,427
Pass Through: Columbia University, CDC 200-2001-00076	93.945	-	(284)	(284)
Subtotal 93.945		137,427	(284)	137,143
Tuberculosis Demonstration, Research, Public and Professional Education	93.947	284,498	-	284,498
Subtotal 93.947		284,498	-	284,498
Total Center for Disease Control and Prevention		1,181,230	206,904	1,388,134
Recovery Act – Comparative Effectiveness Research - AHRQ				
ARRA - Treatments for Localized Prostate Cancer, VUMC37043	93.715	-	232,221	232,221
Subtotal 93.715		-	232,221	232,221
Centers for Medicare and Medicaid Services Research	93.779	(7,652)	-	(7,652)
Pass Through: Rand Corp., UHS016391A	93.779	-	19,421	19,421
Subtotal 93.779		(7,652)	19,421	11,769
National Institutes of Health				
Environmental Health	93.113	3,093,147	-	3,093,147
Pass Through: University of Southern California, H47859-H50587	93.113	-	169,502	169,502
Pass Through: University of Rochester, UK370195-11	93.113	-	5,783	5,783
Pass Through: University of Southern California, H47859 -H50587	93.113	-	157,715	157,715
Pass Through: University of Rochester, PO414615-G	93.113	-	51,845	51,845
Subtotal 93.113		3,093,147	384,845	3,477,992
Oral Diseases and Disorders Research	93.121	1,917,428	-	1,917,428
Pass Through: University of Southern California, RDE019932A	93.121	-	186,497	186,497
Pass Through: Polymedix, Inc., RDE018371B	93.121	-	133,901	133,901
Pass Through: Florida International University MMOA	93.121	-	33,385	33,385
Pass Through: Columbia University, 5R01DE14713	93.121	-	1,124	1,124
Pass Through: Polymedix, Inc., RDE081371B	93.121	-	95,251	95,251
Subtotal 93.121		1,917,428	450,158	2,367,586

Schedule of Expenditures of Federal Awards

Year Ended June 30, 2012

Federal Grantor/Pass Through Grantor/Program or Cluster Title	Federal CFDA	Direct Federal Expenditures	Pass Through Expenditures	Total Federal Expenditures
Research and Development and Research Training Cluster (continued)				
Department of Health and Human Services (continued)				
National Institutes of Health (continued)				
Human Genome Research	93.172	86,166	-	86,166
Subtotal 93.172		<u>86,166</u>	<u>-</u>	<u>86,166</u>
Research and Training in Complementary and Alternative Medicine	93.213	76,786	-	76,786
Pass Through: Duke University Medical Center, MOA	93.213	-	102,429	102,429
Subtotal 93.213		<u>76,786</u>	<u>102,429</u>	<u>179,215</u>
Research on Health Care Cost and Quality Outcomes	93.226	88,909	-	88,909
Subtotal 93.226		<u>88,909</u>	<u>-</u>	<u>88,909</u>
Mental Health Research Grants	93.242	2,312,221	-	2,312,221
Pass Through: Cornell University, 5080946	93.242	-	54,439	54,439
Pass Through: Dartmouth College, MOA	93.242	-	31,405	31,405
Pass Through: Rutgers University, RMH080429A	93.242	-	60,549	60,549
Pass Through: University of Delaware, RMH086558A	93.242	-	14,248	14,248
Pass Through: Albert Einstein College of Medicine, 2-529-2143	93.242	-	26,004	26,004
Pass Through: Social and Scientific Systems, Inc., Q-06-00101-T003	93.242	-	10,410	10,410
Pass Through: Social and Scientific Systems, Inc., UM1A1068632-06	93.242	-	144,659	144,659
Pass Through: Social and Scientific Systems, Inc., Q-06-00101-T008	93.242	-	(4,000)	(4,000)
Pass Through: Social and Scientific Systems, Inc., Q-06-00101-T002	93.242	-	(4,374)	(4,374)
Pass Through: Social and Scientific Systems, Inc., S-11-000002-001381	93.242	-	170,363	170,363
Pass Through: Social and Scientific Systems, Inc., S-11-000002-001580	93.242	-	13,070	13,070
Pass Through: Albert Einstein College of Medicine, POI 07026	93.242	-	(365)	(365)
Pass Through: Albert Einstein College of Medicine, 2-529-2143	93.242	-	14,379	14,379
Subtotal 93.242		<u>2,312,221</u>	<u>530,787</u>	<u>2,843,008</u>
Substance Abuse and Mental Health Service Projects				
Pass Through: Allegheny Singer Research Institute, 2U79SM054319-09	93.243	-	18,137	18,137
Subtotal 93.243		<u>-</u>	<u>18,137</u>	<u>18,137</u>
Alcohol Research Programs	93.273	1,017,938	-	1,017,938
Pass Through: Rutgers University, 4025	93.273	-	19,842	19,842
Subtotal 93.273		<u>1,017,938</u>	<u>19,842</u>	<u>1,037,780</u>
Drug Abuse and Addiction Research Programs	93.279	959,857	-	959,857
Pass Through: St. Lukes Roosevelt Institute for Health, MOA	93.279	-	27,760	27,760
Subtotal 93.279		<u>959,857</u>	<u>27,760</u>	<u>987,617</u>
Mental Health National Research Service Awards for Research Training	93.282	27,265	-	27,265
Subtotal 93.282		<u>27,265</u>	<u>-</u>	<u>27,265</u>
Discovery and Applied Research for Technological Innovations to Improve				
Pass Through: Medical College of Wisconsin, 2R01EB000215-22/ 23A1	93.286	-	77,040	77,040
Pass Through: Rutgers University, SUBAWARD 1831	93.286	-	1,460	1,460
Subtotal 93.286		<u>-</u>	<u>78,500</u>	<u>78,500</u>
Trans-NIH Research Support	93.310	1,327,753	-	1,327,753
Pass Through: Columbia University, 5-35468	93.310	-	38	38
Subtotal 93.310		<u>1,327,753</u>	<u>38</u>	<u>1,327,791</u>
Nursing Research	93.361	509,662	-	509,662
Pass Through: Various Sources, FCCC 15015-06	93.361	-	10,617	10,617
Subtotal 93.361		<u>509,662</u>	<u>10,617</u>	<u>520,279</u>
National Center for Research Resources	93.389	125,972	-	125,972
Subtotal 93.389		<u>125,972</u>	<u>-</u>	<u>125,972</u>
Cancer Cause and Prevention Research	93.393	3,196,388	-	3,196,388
Pass Through: Fox Chase Cancer Center, RCA158019A	93.393	-	8,151	8,151
Pass Through: Various Sources, FCCC 22438-01	93.393	-	15,814	15,814
Pass Through: Duke University Medical Center, 203-0315	93.393	-	39,399	39,399
Pass Through: Yale University, A08047 (M11A10944)	93.393	-	39,938	39,938
Pass Through: University of Southern California, H47492	93.393	-	11,372	11,372
Pass Through: Health Research, Inc. RCA100598	93.393	-	95,092	95,092
Pass Through: Health Research, Inc., 7 R01 CA100598-05	93.393	-	83,553	83,553
Pass Through: The Pennsylvania University, 1R01CA127729-01A2	93.393	-	41,850	41,850
Pass Through: Rutgers University, 2225	93.393	-	17,252	17,252
Pass Through: Rutgers University, 3218	93.393	-	191	191
Pass Through: Northeastern University, 541770-P821332	93.393	-	(1,532)	(1,532)
Pass Through: Health Research, Inc., 55-7901-02	93.393	-	254,433	254,433
Pass Through: Rutgers University, 4320	93.393	-	13,037	13,037
Pass Through: Mt. Sinai School of Medicine, 0255-2411-4609	93.393	-	20,344	20,344
Pass Through: Columbia University, 1 (ACCT. #5-75434)	93.393	-	392,654	392,654
Pass Through: Rutgers University, 2225	93.393	-	108	108
Pass Through: University of California, 5723SC	93.393	-	72,846	72,846

ARRA - Inflammatory Biomarkers, REY019750Z	93.701	182,696	-	182,696
ARRA - Molecular Motors, RGM068596Z	93.701	479	-	479
ARRA - Adenosine Toll Like Receptors, RGM068636Z	93.701	70,266	-	70,266
ARRA - Plasmacytoid Dendritic Cells, RAI026806Z	93.701	33,676	-	33,676
ARRA - Hemith Modulation, RAI069395Z	93.701	(200)	-	(200)
ARRA - Impacting Oxidative Stress, RNS053946Y	93.701	208,714	-	208,714
ARRA - A Unique Approach, RAI086027Z	93.701	159,831	-	159,831
ARRA - TLR2 and Tubercule Granules, RAI084822Z	93.701	66,404	-	66,404
ARRA - Supplement Regulation, RDA026030Z	93.701	48,637	-	48,637
ARRA - A Typical Odontalgia, RDE017900Z	93.701	122,990	-	122,990
ARRA - Interaction of Leukotoxin, RAI080606Z	93.701	(7,334)	-	(7,334)
ARRA - Characterization of a King, RAI080844Z	93.701	572	-	572
ARRA - Anti Staphylococcal Activity, RAI082392Z	93.701	165,665	-	165,665
ARRA - Localized Aggressive Periodontitis, RDE017968Z	93.701	17,160	-	17,160
ARRA - Efficacy of a Massage, RAT004623Z	93.701	119,861	-	119,861
ARRA - Transcription Antitermination, RAI076900Z	93.701	6,086	-	6,086
ARRA - Nuclear Events, RDK047420Z	93.701	(2,476)	-	(2,476)
ARRA - NIH Shh Gli Signaling CNS, RHD057015Z	93.701	280,557	-	280,557
ARRA - Regulators of Translation, RGM057483Z	93.701	(6,960)	-	(6,960)
ARRA - R0! Nicotine NASA, RDA024640Z	93.701	196,436	-	196,436
ARRA - Development of New Drugs, RAI078513Z	93.701	(10,464)	-	(10,464)
ARRA - BDF Engineered Stem Cells, RNS055787Z	93.701	83,950	-	83,950
ARRA - Breast and Cervical Cancer, KCA101780Z	93.701	7,533	-	7,533
ARRA - Regulation of Embryonic Episode, RGM081674Z	93.701	(183)	-	(183)
ARRA - Image Mining, RLM009239Z	93.701	50,045	-	50,045
ARRA - Matrix Endothelial Function, KGM072546Z	93.701	(939)	-	(939)
ARRA - Transfusion Trigger Trial, RHL101458Z	93.701	714,339	-	714,339
ARRA - Treating Depression, KNS052155Z	93.701	14,281	-	14,281
ARRA - Mechanism Transcription, RGM058650Z	93.701	(55,199)	-	(55,199)
ARRA - Behavioral Effects, RHD060318Z	93.701	107,824	-	107,824
ARRA - Chromosome Architecture, RGM051402Z	93.701	(5,280)	-	(5,280)
ARRA - Gene Regulation, RAI081307Z	93.701	45,453	-	45,453
ARRA - Supplement to Dr. Trzeciak, KGM083211Z	93.701	58,898	-	58,898
ARRA - NIH Batten Disease, RNS037918Z	93.701	(6,361)	-	(6,361)
ARRA - Tosin-antitoxin in E Coli, RGM081567Z	93.701	65,593	-	65,593
ARRA - NRSA Fellowship, FGM099291A	93.701	38,519	-	38,519
ARRA -The Mechanisms of Pesticide-Induced, RES015991Z	93.701	39,906	-	39,906
ARRA - Validation of Grm 1 aT, RCA124975Z	93.701	50,879	-	50,879
ARRA - Cancer Center Support, PCA072720Z	93.701	45,184	-	45,184
ARRA - Evaluation Long Term Prognosis, RCA145722Z	93.701	235,101	-	235,101
ARRA - Core Center for Systems, PCA147892Z	93.701	707,537	-	707,537
ARRA - Clinical Consortium, RMH084828Z	93.701	125,351	-	125,351
ARRA - Pass Through: Microbiotix, Inc., RAI06497Z	93.701	-	97,671	97,671
ARRA - Pass Through: Northwestern University, 60023944	93.701	-	(407)	(407)
ARRA - Pass Through: University of Alabama, HHSN268200900047C	93.701	-	158,495	158,495
ARRA - Pass Through: Columbia University, UAI069466Z	93.701	-	(278)	(278)
ARRA - Pass Through: University of Pennsylvania, RGM087965Z-PO2378520	93.701	-	111,309	111,309
ARRA - Pass Through: Medical College of Wisconsin, 1RC1MH090912-01	93.701	-	18,071	18,071
ARRA - Pass Through: University of Miami, 1R01HD060325, 1R01NR012885	93.701	-	1,098	1,098
ARRA - Pass Through: Thomas Jefferson University, 080-04000-R97801	93.701	-	5,703	5,703
ARRA - Pass Through: New York University, 10-00315 / UAI082994Y	93.701	-	113,233	113,233
ARRA - Pass Through: New York University, 7U01AI082994-02	93.701	-	155,014	155,014
ARRA - Pass Through: Columbia University, UAI069466	93.701	-	941	941
ARRA - Pass Through: Harvard University, 114050.0022 HD052102	93.701	-	2,864	2,864
ARRA - Pass Through: University of California, 6362SC	93.701	-	67,040	67,040
ARRA - Pass Through: University of California, 1580 G HJ955	93.701	-	(6,520)	(6,520)
ARRA - Pass Through: University of Southern California, RDE019413Z	93.701	-	25,222	25,222
ARRA - Pass Through: University of Alabama, 000240501-119	93.701	-	9,515	9,515
ARRA - Pass Through: Duke University Medical Center, R01HL098237	93.701	-	1,827	1,827
ARRA - Pass Through: University of Pennsylvania, IU01NS062835-01A1	93.701	-	663	663

University of Medicine and Dentistry of New Jersey

Schedule of Expenditures of Federal Awards

Year Ended June 30, 2012

Federal Grantor/Pass Through Grantor/Program or Cluster Title	Federal CFDA	Direct Federal Expenditures	Pass Through Expenditures	Total Federal Expenditures
Research and Development and Research Training Cluster (continued)				
Department of Health and Human Services (continued)				
National Institutes of Health (continued)				
Trans-NIH Recovery Act Research Support (continued)				
ARRA - Pass Through: Duke University Medical Center, SPS #174373, RC2AR058934	93.701	-	1,000	1,000
ARRA - Pass Through: Rutgers University, 3831	93.701	-	(31,989)	(31,989)
Subtotal 93.701		5,457,408	730,472	6,187,880
Cardiovascular Diseases Research	93.837	10,650,572	-	10,650,572
Pass Through: Vasade Biosciences, Inc., RHL103026A	93.837	-	19,699	19,699
Pass Through: Optical Devices, Inc., 5R44HL61057-03	93.837	-	(37,572)	(37,572)
Pass Through: Sonomedica, Inc., RHL079672B	93.837	-	38,818	38,818
Pass Through: Oregon Health Science University, AFAMP0093	93.837	-	29,459	29,459
Pass Through: Rutgers University, 4405 SUB AGREEMENT	93.837	-	1,672	1,672
Pass Through: Vasade Biosciences, Inc., RHL079729	93.837	-	199,534	199,534
Pass Through: Vasade Biosciences, Inc., RHL086040A	93.837	-	8	8
Pass Through: Vasade Biosciences, Inc., 2R42HL082043-02	93.837	-	4,431	4,431
Subtotal 93.837		10,650,572	256,049	10,906,621
Lung Disease Research	93.838	1,599,518	-	1,599,518
Pass Through: Columbia University, 5-30985	93.838	-	2,892	2,892
Pass Through: New York University, 00-0421-SC1	93.838	-	(174)	(174)
Pass Through: Cornell University, R01HL55936	93.838	-	1,541	1,541
Pass Through: Cornell University, A1078466-02S1	93.838	-	343,251	343,251
Pass Through: Johns Hopkins University, HL106786	93.838	-	11,624	11,624
Pass Through: University of California, 1460GKB107	93.838	-	127,553	127,553
Subtotal 93.838		1,599,518	486,687	2,086,205
Blood Diseases and Resources Research	93.839	80,172	-	80,172
Pass Through: University of Maryland, R01HL085706	93.839	-	8,153	8,153
Pass Through: University of Minnesota, RHL068802B	93.839	-	(190)	(190)
Pass Through: Johns Hopkins University, 2001205442	93.839	-	44,839	44,839
Subtotal 93.839		80,172	52,802	132,974
Arthritis Musculoskeletal and Skin Diseases Research	93.846	2,603,437	-	2,603,437
Pass Through: Georgetown University, RX-4442-007-CINJ	93.846	-	182,361	182,361
Pass Through: University of Pennsylvania, #558046	93.846	-	6,026	6,026
Subtotal 93.846		2,603,437	188,387	2,791,824
Diabetes, Digestive and Kidney Disease Extramural Research	93.847	2,115,636	-	2,115,636
Pass Through: University of South Florida, MOA	93.847	-	10,154	10,154
Pass Through: Various Private, R44ES011469	93.847	-	(1,578)	(1,578)
Pass Through: Rutgers University, 2029	93.847	-	62	62
Pass Through: University of Colorado, 08.219.003	93.847	-	45,644	45,644
Pass Through: University of Cincinnati, RDK078019A	93.847	-	61,349	61,349
Pass Through: Vasade Biosciences, Inc., RDK083826A	93.847	-	16,083	16,083
Subtotal 93.847		2,115,636	131,714	2,247,350
Extramural Research Programs in the Neurosciences and Neurological Disorders	93.853	7,566,295	-	7,566,295
Pass Through: Emory University, 1R01NS073994-01A1	93.853	-	61,745	61,745
Pass Through: University of Cincinnati, 5P50NS044283-08.	93.853	-	17,196	17,196
Pass Through: Massachusetts General Hospital, MOA	93.853	-	52,056	52,056
Pass Through: University of Rochester, 411970-G	93.853	-	(50,941)	(50,941)
Pass Through: Columbia University, 7 U01 NS043975-07	93.853	-	780	780
Subtotal 93.853		7,566,295	80,836	7,647,131
Allergy, Immunology and Transplantation Research	93.855	17,539,385	-	17,539,385
Pass Through: University of Michigan, A1073677	93.855	-	11,946	11,946
Pass Through: Case Western Reserve University, RES502417	93.855	-	218,588	218,588
Pass Through: Fudan University, RAI075463A	93.855	-	18,058	18,058
Pass Through: Columbia University, U54AI057158	93.855	-	719,087	719,087
Pass Through: Albert Einstein College of Medicine R01AI089349	93.855	-	55,196	55,196
Pass Through: University of Iowa, R01AI087671	93.855	-	95,157	95,157
Pass Through: Johns Hopkins University, A1077486	93.855	-	334,363	334,363
Pass Through: Cornell University, R01AI067027	93.855	-	48,163	48,163
Pass Through: Albert Einstein College of Medicine, 9-526-5902	93.855	-	1,122	1,122
Pass Through: Cepheid, Inc., RAI052523A	93.855	-	234	234
Pass Through: Rutgers University, 3151	93.855	-	(160)	(160)
Pass Through: Albert Einstein College of Medicine, 9-526-2621	93.855	-	2,976	2,976
Pass Through: George Washington University, 28554-3-CCL590287F	93.855	-	65,424	65,424

Schedule of Expenditures of Federal Awards

Year Ended June 30, 2012

Federal Grantor/Pass Through Grantor/Program or Cluster Title	Federal CFDA	Direct Federal Expenditures	Pass Through Expenditures	Total Federal Expenditures
Student Financial Aid Cluster (continued)				
Department of Education (continued)				
Federal Supplemental Educational opportunity Grants	84.007	29,053	-	29,053
Subtotal 84.007		29,053	-	29,053
Federal Pell Grant Program	84.063	667,932	-	667,932
Subtotal 84.063		667,932	-	667,932
Total Department of Education		122,707,071	-	122,707,071
Department of Health and Human Services				
Health Resources and Services Administration				
Scholarships for Health Professions Students from Disadvantaged Backgrounds	93.925	460,230	-	460,230
Subtotal 93.925		460,230	-	460,230
Total Health Resources and Services Administration		460,230	-	460,230
Total Student Financial Aid Cluster		123,167,301	-	123,167,301
Other Programs				
Department of Labor				
Occupational Safety and Health_Susan Harwood Training Grants	17.502	208,106	-	208,106
Subtotal 17.502		208,106	-	208,106
Total Department of Labor		208,106	-	208,106
National Aeronautics and Space Administration				
Pass Through: Baylor College of Medicine, NCC 9-58-224	43.001	-	72,652	72,652
Subtotal 43.001		-	72,652	72,652
Total National Aeronautics and Space Administration		-	72,652	72,652
Department of Veterans Affairs				
Veterans State Hospital Care	64.016	212,451	-	212,451

University of Medicine and Dentistry of New Jersey

Notes to Schedule of Expenditures of Federal Awards and

AACO Statements of Expenditures and Revenues

Year Ended June 30, 2012

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") has been prepared in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. The purpose of the schedule is to present a summary of those activities of the University funded by the federal government or pass through entities for the year ended June 30, 2012 using the accrual basis of accounting. For purposes of the schedule, federal awards include any assistance provided by a federal agency directly or indirectly in the form of grants, contracts, cooperative agreements, loans and loan guarantees, and other noncash assistance. Because the Schedule presents only a selected portion of the activities of the University, it is not intended to, and does not, present either the consolidated financial position, or consolidated statement of revenues, expenditures and other changes in net assets of the University.

The accompanying statement of expenditures and revenues of the City of Philadelphia, AIDS Activities Coordinating Office, has been prepared in the format set forth in the City of Philadelphia *Subrecipient Audit Guide*. Revenues and expenditures are recognized using the accrual method of accounting.

Negative amounts on the Schedule represent adjustments made to prior year expenditures in the normal course of business.

The schedule of expenditures of federal awards does not include expenditures of federal awards for New Jersey Health Foundation, Inc., Cancer Institute of New Jersey Foundation, Inc. or University Physician Associates of New Jersey, Inc. , discretely presented component units of the University. These entities have their own independent audits.

The significant accounting principles followed by the University in preparing the accompanying schedule of expenditures of federal awards are as follows:

Expenditures for direct and indirect costs are recognized as incurred using the accrual method of accounting and in accordance with OMB Circular A-21, *Cost Principles for Educational Institutions*. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect costs are recovered at rates specified under the various grants and contracts or the University's approved facilities and administrative cost rate, whichever is lower. The base rate for on-campus research is 56% for awards through June 30, 2012. The base rate for off-campus research is 26% for awards through June 30, 2012. For new awards entered into by the University subsequent to March 2012, the University's facilities and administrative cost rate for on-campus research increased to 58% for awards through June 30, 2013 and 59% for awards from July 1, 2013 through June 30, 2014. The University's facilities and administrative cost rate for off-campus research remains consistent at 26% for awards through June 30, 2014.

University of Medicine and Dentistry of New Jersey **Notes to Schedule of Expenditures of Federal Awards and** **AACO Statements of Expenditures and Revenues** **Year Ended June 30, 2012** ---

2. UMDNJ Restructuring

As discussed in footnote 2 to the June 30, 2012 financial statements of the University of Medicine and Dentistry of New Jersey, On August 22, 2012, the Governor of New Jersey signed the New Jersey Medical and Health Sciences Restructuring Act (the "Act"), which integrates the University, except for University Hospital ("UH") and the School of Osteopathic Medicine ("SOM"), into Rutgers University ("Rutgers"). The Act indicates that UH will become a free standing institution of the State, while SOM is to be integrated into Rowan University ("Rowan"). All assets, liabilities and debt of the University will be transferred as part of the integration. A School of Biomedical and Health Sciences will be created at Rutgers that will include all the transferred units of the University.

UH will remain the principal teaching hospital for the Newark based medical, dental and nursing schools and its community mission will be preserved, with a goal of establishing a long term public/private partnership to manage UH.

The Act shall take effect on July 1, 2013 and apply to the 2013-2014 academic year, but anticipatory administrative action may be taken in advance of the operative date as shall be necessary for the implementation of the legislation. The Act indicates that the State Treasurer shall establish a Transition Committee to advise him regarding all matters pursuant to the Act, including debt issues, the allocation of budgets, state appropriations and other matters. Upon advice of the Committee or its subcommittees, the State Treasurer shall be empowered to take all necessary administrative actions to implement the provisions of the Act.

The University, Rutgers and Rowan are working in a collaborative manner to accomplish the integration and have established teams to identify and address matters associated with the integration.

3. Federal Loan Programs

The University administers the following federal loan programs:

Program Title	CFDA Number	Outstanding Balance at June 30, 2012	Disbursements Fiscal 2012
Federal Perkins Loan Program	84.038	\$ 20,931,895	\$ 2,912,465
Health Professions Student Loans, including Primary Care Loans/ Loans for Disadvantaged Students	93.342	\$ 17,502,350	\$ 1,320,588
	CFDA Number	Cancellations Fiscal 2012	
Federal Perkins Loan Program Cancellation	84.037	\$ 67,809	

The University recovered an administrative cost allowance from the Perkins Loan Program of \$146,820 for the year ended June 30, 2012.

University of Medicine and Dentistry of New Jersey
Notes to Schedule of Expenditures of Federal Awards and
AACO Statements of Expenditures and Revenues
Year Ended June 30, 2012

4. Subrecipients

Of the federal expenditures presented in the schedule, the University provided federal awards to subrecipients during the year ended June 30, 2012 as follows:

Program Title	CFDA	Amount
Research and Development and Research Training Cluster	Various	\$ 13,965,991
Other Programs		
Global AIDS	93.067	(169,366)
Grants to Increase Organ Donations	93.107	280,946
Project Grants and Cooperative Agreements for Tuberculosis Control	93.116	231,450
NIEHS Hazardous Waste Worker Health and Safety Training	93.134	12,376
AIDS Education and Training Centers	93.142	1,273,106
Projects of Regional and National Significance	93.145	304,092
Occupational Safety and Health Program	93.243	66,357
Affordable Care Act Centers for Disease Control	93.262	46,092
Teenage Pregnancy Prevention Program	93.283	2,575
Affordable Care Act Public Health Training Centers	93.297	15,558
Ryan White HIV/AIDS Dental Reimbursements	93.516	27,000
Grants for Geriatric Education Centers	93.924	32,500

**Report of Independent Auditors on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards**

To the Board of Trustees
University of Medicine and Dentistry of New Jersey

We have audited the consolidated statements of net assets of the University of Medicine and Dentistry of New Jersey, a component unit of the State of New Jersey (the "University"), and the related consolidated statements of revenues, expenses and changes in net assets, and of cash flows of the business-type activities as of and for the year ended June 30, 2012 and the statements of net assets of the aggregate discretely presented component units, and the related statements of revenues, expenses and changes in net assets as of and for the year ended June 30, 2012 which collectively comprise the University's basic financial statements (as listed in the accompanying index) and have issued our report thereon dated October 23, 2012. An unqualified opinion was issued on the consolidated financial statements of the business-type activities and a qualified opinion was issued on the financial statements of the aggregate discretely presented component units due to the fact that the financial statements of University Physician Associates of New Jersey, Inc., a discretely presented component unit of the University, were prepared on a modified basis of cash receipts and disbursements which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our audit report was also modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of New Jersey Health Foundation, Inc., University Physician Associates of New Jersey, Inc., and the Cancer Institute of New Jersey Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. Other auditors audited the financial statements of the New Jersey Health Foundation, Inc. and the Cancer Institute of New Jersey Foundation, Inc. both discrete component units of the University as described in our report on the University's financial statements.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of University of Medicine and Dentistry of New Jersey in a separate letter dated October 23, 2012.

This report is intended solely for the information and use of the University's audit committee, Board of Trustees, management of the University, others within the entity, and federal awarding agencies and pass-through entities and the City of Philadelphia and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "PricewaterhouseCoopers LLP". The signature is written in a cursive, flowing style.

October 23, 2012

**Report of Independent Auditors on Compliance with Requirements that Could Have a
Direct and Material Effect on Each Major Program and on Internal Control
Over Compliance in Accordance with OMB Circular A-133 and the City of Philadelphia
Subrecipient Audit Guide**

To the Board of Trustees
University of Medicine and Dentistry of New Jersey

Compliance

We have audited the compliance of University of Medicine and Dentistry of New Jersey (the "University") with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* and the City of Philadelphia *Subrecipient Audit Guide* that could have a direct and material effect on each of its major federal and City of Philadelphia programs for the year ended June 30, 2012 except as described in the second paragraph of this report. The University's major federal and City of Philadelphia programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and City of Philadelphia programs is the responsibility of the University's management. Our responsibility is to express an opinion on the University's compliance based on our audit.

The schedule of expenditures of federal awards and our audit described below do not include expenditures of Federal awards, if any, for New Jersey Health Foundation, Inc., Cancer Institute of New Jersey Foundation, Inc. or University Physician Associates of New Jersey, Inc. , discretely presented component units of the University. These entities have their own independent audits.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the City of Philadelphia *Subrecipient Audit Guide*. Those standards, OMB Circular A-133, and the City of Philadelphia Subrecipient Audit Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or City of Philadelphia program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University's compliance with those requirements.

PricewaterhouseCoopers LLP, 400 Campus Drive, Florham Park, NJ 07932
T: (973) 236 4000, F: (973) 236 5000, www.pwc.com/us

In our opinion, the University complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and City of Philadelphia programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 12-1 through 12-3.

Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to its federal and City of Philadelphia programs. In planning and performing our audit, we considered the University's internal control over compliance with the requirements that could have a direct and material effect on a major federal or City of Philadelphia program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the City of Philadelphia *Subrecipient Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

As noted previously, the schedule of expenditures of federal awards does not include expenditures of Federal awards, if any, for New Jersey Health Foundation, Inc., Cancer Institute of New Jersey Foundation, Inc. or University Physician Associates of New Jersey, Inc. , discretely presented component units of the University. These entities have their own independent audits. Thus, our consideration of the University's internal control over compliance with the requirements that could have a direct and material effect on a major federal program as discussed in the above paragraph did not include considerations related to these discretely presented component units.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or City of Philadelphia program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or City of Philadelphia program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The University's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the University's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the University's audit committee, Board of Trustees, management of the University, others within the entity, federal awarding agencies, pass-through entities and the City of Philadelphia and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "PricewaterhouseCoopers LLP". The signature is written in a cursive, flowing style.

March 25, 2013

University of Medicine and Dentistry of New Jersey

Schedule of Findings and Questioned Costs

Year Ended June 30, 2012

Part I—Summary of Auditor's Results

Financial Statements

Type of auditor's report issued	Unqualified*
Internal control over financial reporting	
Material weakness(es) identified?	No
Significant deficiencies identified that are not considered to be material weakness(es)?	None reported
Noncompliance material to financial statements noted?	No

Federal Awards

Internal control over major programs	
Material weakness(es) identified?	No
Significant deficiencies identified that are not considered to be material weakness(es)?	None reported
Type of auditor's report issued on compliance for major programs	Unqualified
Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133?	Yes

Identification of Major Programs

Name of Federal Program or Cluster	CFDA Number(s)
Research and Development and Research Training Cluster	Various
HIV Emergency Relief Project Grants—City of Philadelphia Pass Through Award	93.914
NIEHS Hazardous Waste Worker Health and Safety Training	93.142
Grants to Provide Early Outpatient Intervention Services with Respect to HIV Disease	93.918
Dollar threshold used to distinguish between Type A and Type B programs	\$ 3,000,000
Auditee qualified as low-risk auditee?	Yes

* As presented on page 1 of this A-133 report, an unqualified opinion has been issued on the consolidated financial statements of the business- type activities of the University. A qualified opinion has been issued on the aggregate discretely presented component units since one of the discretely presented component units, University Physician Associates of New Jersey, Inc , prepares its financial statements on a modified basis of cash receipts and disbursements which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. University Physician Associates of New Jersey, Inc. is not subject to A-133 reporting requirements.

Part II—Financial Statement Findings

None noted.

University of Medicine and Dentistry of New Jersey

Schedule of Findings and Questioned Costs

Year Ended June 30, 2012

Part III—Federal Award Findings and Questioned Costs

12-1 Effort and Payroll Reporting

OMB Circular A-21.J.10.c.2 requires that “after-the-fact activity reports will reasonably reflect the activities for which employees are compensated by the institution. Further, for professorial and professional staff, the reports will be prepared each academic term, but no less frequently than every six months. For other employees, unless alternate arrangements are agreed to, the reports will be prepared no less frequently than monthly and will coincide with one or more pay periods.”

1. Research and Development and Research Training Cluster

Of the 55 semi-annual faculty effort report and non-faculty activity certifications, which include 40 direct cost salary selections, tested within the research and development and research training cluster, the following findings were noted:

Federal Agency, Award Title, Number, and Year	CFDA Number	Number of Transactions	Finding Noted
Department of Health and Human Services National Institutes of Health			
Research Center in Environmental Health Science 5P30ES005022-23 04/01/2011- 03/31/2012	93.113	1	The employee selected received a retroactive pay increase which was charged to the grant, however the employee was not working on the award during the retroactive period, resulting in the award being overcharged \$37.
Cell Phone RDD Sampling to Reach Young Adults for Tobacco Control Surveillance 3R01CA149705-03S1 4/12/2010 – 1/31/2014	93.393	4	For three of the transactions, the original effort report was not completed accurately and was revised and approved subsequent to our audit to reflect actual effort to the award. Note that the grant was not over charged based on the revised effort report. For one of the transactions, the employee selected received a retroactive pay increase which was charged to the grant, however the employee was not working on the award during the retroactive period, resulting in the award being overcharged \$279
Mapping and modeling host-pathogen interactions in TB latency and Reactivation 5R01HL106788-02 09/01/2011 -8/31/2012	93.838	1	The original effort report was not completed accurately and was revised and approved subsequent to our audit to reflect actual effort to the award. Note that the grant was not over charged based on the revised effort report.

University of Medicine and Dentistry of New Jersey
Schedule of Findings and Questioned Costs
Year Ended June 30, 2012

Federal Agency, Award Title, Number, and Year	CFDA Number	Number of Transactions	Finding Noted
Department of Defense			
Treatment of Shock with Abenosine Receptor Ligands X81XWH-10-1-1015 09/30/2010 – 10/29/2012	12.420	2	For two of the transactions, the original effort report was not completed accurately and was revised and approved subsequent to our audit to reflect actual effort to the award. Note that the grant was not over charged based on the revised effort report.

2. Grants to Provide Early Outpatient Intervention Services with Respect to HIV Diseases

Of the 26 semi-annual faculty effort report and non-faculty activity certifications, which include 35 direct cost salary selections, tested within the the Grants to Provide Early Outpatient Intervention Services with Respect to HIV Diseases program, the following findings were noted:

Federal Agency, Award Title, Number, and Year	CFDA Number	Number of Transactions	Finding Noted
Department of Health and Human Services Health Resources and Service Administration			
Ryan White Part C Outpatient EIS Program 5H76HA00030 1/1/2012-12/31/2012	93.918	1	For one of the transactions, the original effort report was not completed accurately and was revised and approved subsequent to our audit to reflect actual effort to the award. Note that the grant was not over charged based on the revised effort report.
Ryan White III H76HA00048-20-01 07/01/2011 - 06/30/2012	93.918	3	For three of the transactions, the original effort report was not completed accurately and was revised and approved subsequent to our audit to reflect actual effort to the award. Note that the grant was not over charged based on the revised effort report.
Ryan White III H76HA00048-20-01 07/01/2011 - 06/30/2012	93.918	1	For one of the transactions, the original effort report was not completed accurately and no revised effort report was available. An employee's salary charged to the grant exceeded the effort applied to the grant and we noted a questioned cost of \$626.

University of Medicine and Dentistry of New Jersey

Schedule of Findings and Questioned Costs

Year Ended June 30, 2012

Cause

Effort reporting findings were due to misinterpretation of the appropriate methodology in which to complete the effort report and monitoring of the accuracy and submission of effort reporting. Payroll findings were due to oversight in monitoring of the salary allocations.

Effect

Direct salary expenditures allocated to the grant may be inaccurate.

Recommendation

Management has a report to track budgeted and actual effort and salary allocated to government grants. We recommend that the University enhance their review procedures related to the use of this report and to require formal written confirmation from the department administrators that effort reports have been adjusted to reflect any necessary changes. Furthermore, we recommend the University continue to enhance the training of their staff that completes these forms to ensure that the requirements are clear. We recommend the University enhance their review procedures for retro pays and for pay cycles that span multiple award years to ensure accurate allocation of the charges. Also, we recommend management review all retro-active pay increases in FY2012 to determine if there are other overcharges similar to our findings noted above.

Management's Views and Corrective Action Plan

Please see management's views and corrective action plan following these findings.

12-2 Conflict of Interest

Research & Development Cluster

University policy requires a conflict of interest disclosure form to be prepared prior to submission of application for sponsored research and on an annual basis during the research, or more frequently as new interests are obtained.

Of the 10 grants tested within the research and development and research training cluster, 2 grants did not have a conflict of interest form completed in accordance with University policy.

Federal Agency, Award Title, Number, and Year

CFDA Number

Finding Noted

Department of Health and Human Services National Institutes of Health

Cell Phone RDD Sampling to Reach Young Adults for Tobacco Control Surveillance
3R01CA149705-03S1
4/12/2010 – 1/31/2014

93.393

A conflict of Interest form was completed when the award began, noting no conflict, however no conflict of interest disclosure form could be provided to indicate a disclosure form was obtained on an annual basis during the research as of June 30, 2012. A form has subsequently been obtained indicating that there was no conflict.

University of Medicine and Dentistry of New Jersey

Schedule of Findings and Questioned Costs

Year Ended June 30, 2012

Department of Defense

Treatment of Shock with 12.420
Abenosine Receptor Ligands
X81XWH-10-1-1015
09/30/2010 – 10/29/2012

A conflict of Interest form was completed when the award began, noting no conflict, however no conflict of interest disclosure form could be provided to indicate a disclosure form was obtained on an annual basis during the research as of June 30, 2012.

Cause

The findings noted are a result of the department not being fully aware of the University's policy in relation to the conflict of interest disclosure form.

Effect

The University is not in compliance with its own policy for monitoring conflict of interest associated with sponsored research. In the event a conflict of interest existed, research results could be questioned.

Recommendation

We recommend that the University ensure all individuals with responsibilities over sponsored research are fully aware of University policies.

Management's Views and Corrective Action Plan

Please see management's views and corrective action plan following these findings

12-3 Equipment Management

OMB Circular A-110.C34 (f)(1) requires, "Equipment records shall be maintained accurately," and also includes a list of information to be tracked in their equipment management system including but not limited to a description of the equipment, identification number, source of the equipment, acquisition date, acquisition cost, and location.

UMDNJ's equipment management system incorporates the required information under federal and state regulation. Of the 25 equipment items selected for testing, we noted that 1 item was not appropriately tagged for the Department of Law and Public Safety award 2007-GE-T7-0056, Urban Security Initiative, CFDA # 97.067, Award period 11/01/2007 - 05/31/2012.

Cause

The finding noted is a result of the need for the University to continually improve the execution of the existing controls over the tagging of equipment.

Effect

Untimely and inaccurate processing of equipment tags may result in the inability to track the physical location of equipment or disposing of equipment not in accordance with federal and state regulation.

Recommendation

We recommend that the University continue to strengthen their control procedures regarding the equipment management system and ensure that equipment is appropriately tagged.

Management's Views and Corrective Action Plan

Please see management's views and corrective action plan following these findings.

University of Medicine and Dentistry of New Jersey

Summary Schedule of Prior Audit Findings

Year Ended June 30, 2012

11-1 Effort and Payroll Reporting

Finding

Of the 89 semi-annual faculty effort report and non-faculty activity certifications, which include 40 direct cost salary selections, tested within the research and development and research training cluster, PwC noted eight employees' effort report were completed inaccurately and two employees' salary percentage charged exceeded the actual effort applied to the grant.

Status

A report to track Budgeted Effort to Reported Effort to Payroll Distribution is produced upon the submission of the Faculty Members semi-annual effort report. This report is distributed to the Departmental Administrators for their review and comparison of the budgeted effort to the reported effort to the salary distribution. A formal procedure has been developed to require a signoff by the Departmental Administrators to ensure their review of the report and to provide the corrective actions taken to address any differences. An additional review is performed by the Department of Cost Analysis to ensure that corrective actions have been identified and implemented by the Departmental Administrators. Payroll allocation adjustments crediting the grants were made for those Payroll findings. While effort continues to be made in this area, similar findings were noted in fiscal year 2012. Refer to current year finding 12-1.

11-2 Reporting

Finding

Of the 37 financial and progress reports tested in the research and development and research training cluster, PwC noted 7 reports were submitted between 1 to 55 days late.

Of the 13 ARRA section 1512 reports ending March 31, 2011 tested within the research and development and research training cluster, PwC noted one report with inaccurate "Total Federal Amount of ARRA Expenditure".

Status

The Office of Sponsored Programs at each of the school has implemented a tracking system. As progress reports are uploaded by the PIs, the Office of Sponsored Programs calls the departmental administrators five working days prior to the deadline for those PIs who have not uploaded their progress reports. Financial status reports are submitted to the PIs for their review with a note of the due date and an advisement that if the report is not returned within one day of the due date the FSR will be filed.

The Office of Sponsored Programs has implemented a second review of the data being inserted in the report to ensure correctness prior to submission of the reports as final in the website.

University of Medicine and Dentistry of New Jersey

Summary Schedule of Prior Audit Findings

Year Ended June 30, 2012

11-3 Conflict of Interest

Finding

Of the 14 grants tested within the research and development and research training cluster, PwC noted three grants did not have an annual conflict of interest form completed in accordance with University policy.

Status

The Office of Sponsored Programs has instituted a process to ensure that the budget for initial and continuation years of support will not be approved until all the necessary forms are updated and approved, including the Financial Disclosure Forms and the Conflict of Interest Committee review of any significant financial disclosure. Refer to current year finding 12-2

11-4 Fringe Benefit

Finding

For the 14 selected grants within the research and development and research training cluster, PwC noted nine awards were overcharged for fringe. PwC also noted fringe was overcharged for the HIV Emergency Relief Project grant. In addition, for grants within the research and development and research training cluster, PwC noted that 138 awards were overcharged a total of \$213,092 and 44 awards were undercharged a total of \$102,164.

Status

The entry to record the correct costs on existing grants was completed and the report used to calculate the retroactive adjustment was revised to correctly reflect the required adjustment.

11-5 Student Status Changes

Finding

Of the 40 students tested having received a Federal Direct Loan, PwC noted 8 students who had graduated were not communicated to the national clearing house timely. 4 students were communicated between 1 and 10 days after the 30 day requirement and 4 students were communicated between 20 and 40 days after the 30 day requirement.

Status

The University Registrar and Financial Aid Offices continue to work with the schools regarding the implications and need for timely reporting.

11-6 Scholarship and Disadvantage Students

Finding

Per review of the student aid listing, PwC noted 191 students received both ARRA SDS and SDS awards in the amounts of \$388,623 for ARRA SDS and \$583,414 for SDS. PwC noted that each individual student received the appropriate amount of aid in total.

Status

There is no longer any ARRA funding, so no further action was necessary.

University of Medicine and Dentistry of New Jersey
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2012

11-7 Cost Transfers and Journal Entries

Finding

Of the 25 cost transfers and journal entries tested in the research and development and research training cluster, PwC noted one correction was made related to the salary allocation of an employee and a form was created and approved 6 months following the initial charge date.

Status

The Grants Department will continue to review all costs transfers in conjunction with the Office of Sponsored Programs to address any questions and ensure that a cost transfer is initiated if needed. The University has revised its Cost transfer policy to allow approval cost transfers after 90 days under extenuating circumstances.

Office of the Vice President for
Finance and Treasurer

Management's Views and Corrective Action Plan

Year Ended June 30, 2012

Part III—Federal Award Findings and Questioned Costs

12-1 Effort and Payroll Reporting

Responsible Party: Associate Controller for Grants and Contracts

Management agrees with the recommendation. A formal procedure will be developed to require a signoff by the Departmental Administrators to ensure their review of the report that tracks budgeted and actual effort and salary allocated to government grants and the corrective actions taken to address any differences. The confirmation will include signoff by the Grant Analysts and Grant Managers. An additional review by the Cost Analysis Department has been initiated to ensure that corrective actions have been implemented. Payroll allocation adjustments crediting the grants were made for the two payroll findings. A review of the retroactive payroll increase has been completed and all charges to grants were reviewed and adjustments were made where necessary.

12-2 Conflict of Interest

Responsible Party: Associate Deans for Research

Management agrees with the recommendation. The Associate Deans for Research will continue to work with faculty and staff with responsibilities for sponsored research to educate them on the University's Investigator Conflict of Interest Policy and their obligations in ensuring compliance with procedures required by the Policy. The Offices of Research and Sponsored Programs will work with the grant analysts to ensure that budgets for initial and continuation years of support will not be approved until all necessary forms, including the Conflict of Interest, are updated and signed.

12-3 Equipment

Responsible Party: Director of Accounting and Financial Reporting

Management agrees with the recommendation. A replacement tag was issued for the equipment item. To improve controls, after issuing tags to the units for asset additions, the Assets Management Department will follow up and visit the units on a quarterly basis to ensure that the tags have been affixed to the equipment.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Colforfx", is positioned above the title of the Vice President for Finance and Treasurer.

Vice President for Finance and Treasurer
